PUBLIC COMMENTS: None

INTERIM EXECUTIVE DIRECTOR'S REPORT:

Ms. Bartell said she would like to bring the following items to the Board's attention:

Organizational:

- **Expiration Term – Commissioner Betty Bradwell:** The Agency received the reappointment information for Commissioner Bradwell and her new term will expire February 26, 2026.

- **COVID-19 Pandemic – Internal Update:** Ms. Bartell met with staff on Tuesday to advise that FPHA is still adhering to the implemented measures within the building to protect against exposure to the illness. Since HUD has not issued any changes, Ms. Bartell suggested that staff bring masks with them to ask people in the unit if they would wear them during Section 8 inspections and FPHA Property Managers have been instructed not to perform housekeeping inspections through January 14, 2022, at which time the Agency will reassess the situation. Ms. Bartell advised the Board that the Agency is still performing routine maintenance.

  FPHA now has COVID test kits available at the Agency, in preparation for the vaccination policy program starting in February, and they were provided to two (2) employees who felt ill and could not find any available testing sites. Luckily, both employees tested negative.

- **Site Project Contracts:**

  - **Operational Contracts:**

    - **JGF Flooring – Tile Installation Services:** Based on an Invitation for Bid, the Board approved a new contract award for tile installation services at the last Board Meeting. However, the contractor wanted to change terms and conditions after that time, so the contract was not executed. FPHA will obtain quotes until another procurement solution is secured.

- **Commitment to Agreement for Development Between FPHA and Agricultural and Labor Program, Inc. (ALPI)**: There is some history included in the Board Packet which explains that FPHA is leasing the land to ALPI and ALPI will undertake and be financially responsible for constructing a facility on the property.

- **Leases:** Legal Counsel has provided a lease agreement template, wherein the Agency will make adjustments and draft new leases to suit each of the following Agencies whose leases are coming up for renewal - St. Lucie County Sheriff's Office (SLCSO), Agricultural & Labor Program, Inc. and Big Brothers, Big Sisters of St. Lucie, Indian River, & Okeechobee.

Procurement: None at this time.

Motion(s): None at this time.

Federal Items:

- **Family Self-Sufficiency (FSS) Renewal Grant:** The Agency has been advised that its FSS Grant was renewed in the amount of $62,150.00. However, as of yet, the Agency has not been given access to the funds.

Fort Pierce Housing Inc. (FPHI):

- **Annual Board Meeting:** Immediately after the FPHA Annual Board Meeting in February, the FPHI Annual Board Meeting will convene. Don Bergman will be at the Meeting to give an update on the Emil Development Project.

Training: Commissioner training information is contained in the Board Packet for the Board's review. Vice-Chair Hart has requested to take part in the Commissioners' Fundamental Virtual Classroom – Interactive Zoom Meeting scheduled for February 1-3, 2022. Ms. Bartell advised that the Agency does not have to ask for permission for Vice-Chair Hart's training as there is no travel involved.

Important Date(s):

- **Offices Closed – Martin Luther King, Jr. Day:** January 17, 2022.

Ms. Bartell advised that next month's Board Meeting would normally be held on Wednesday, February 9th but she will be in training at that time. Therefore, she is requesting to have the Board Meeting moved to Wednesday, February 16th at 4:30 p.m. if that is convenient for the Board members. Vice-Chair Hart said that date worked for her, but she would have to attend the Board Meeting via Zoom. The Board agreed with moving the February Board Meeting to Wednesday, February 16th.

ATTORNEY'S REPORT:

Mr. Gilmore reported that he is reporting on Items a – d on his Attorney's Report and in this regard, he had provided a template of a lease from another housing authority that he likes to use in order to get a uniform lease for FPHA. The Agency will find out what the City of Fort Pierce's insurance requirements are and will most probably mirror those requirements. In this regard, the leases for the entities listed in Items a – d should be in place by the next Board Meeting.

- **FPUA – Request to Relocate and Replace Vault-Style Transformers with a Pad-Mounted Transformer at BBC:** The Agency has held several conversations with FPUA in this regard. Mr. Gilmore advised the Board that an easement is usually a legal document that is documented and recorded with the Court to "run with the land." The Agency had asked for a copy of the previous easement and learned that back in 1964 when BBC was a hospital, the hospital provided FPUA a letter allowing them the easement which is not a legal easement. It was discussed with FPUA what is needed to create a legal easement, since they do not have a prior easement, and they said they will provide that information and then an easement can be filed.

- **Address Motion to Split the Donation Between Lincoln Park Main Street and Friends of St. Lucie County Public Health, Inc. to $750.00:** At the last Board Meeting, Commissioner Bradwell abstained due to a potential conflict because she serves as a Director on the Board of one (1) of the organizations that was receiving the split donation of $750.00. There is a form that Commissioner Bradwell has completed which outlines obligations in terms of abstainment and that form will become an attachment to the Minutes of this Meeting. It later came to Mr. Gilmore's attention that Commissioner Scott had recently started a job with the Health Department when the Agency held its last Board Meeting. The recipient of the other $750.00 donation was Friends of St. Lucie County Public Health, Inc. which is a non-profit that was formed and is not the Health Department but adjunct to the Health Department. Commissioner Scott does not sit on that Board so there is no conflict, and she did not have to abstain when the Motion was voted on. Mr. Gilmore asked Commissioner Scott if there was anything she would like to add to the record and she reiterated that there was no conflict.

OLD BUSINESS:

- Ms. Bartell reported that she spoke to FPUA concerning the wrap for the pad-mounted transformer and they are willing to put whatever the Agency wants on the wrap at no cost to FPHA. The wrap will go around the sides of the transformer, but not on the top, and FPUA advised to take a picture of what the Agency wanted and to send it to them. Ms. Bartell said it is at the Board's discretion to advise what they would like on the wrap.

NEW BUSINESS:

Resolution 2022-01

Motion:

Commissioner Scott moved to approve Resolution 2022-01 Approving Authorization for Disposition of Non-Performing Assets. Vice-Chair Hart seconded the Motion. At roll call the Motion was approved 5/0.

Resolution 2022-02

Motion:

Vice-Chair Hart moved to approve Resolution 2022-02 Approving Authorization for Write Off of Uncollectible Tenant Accounts for the Public Housing Program. Commissioner Scott seconded the Motion. At roll call the Motion passed 5/0.

Ms. Bartell said before moving onto Department Reports, she would like to say hello and wish a Happy New Year to the Agency's HUD Representative, Mr. Victor Atkins, who is on the line tonight. Mr. Victor Atkins wished everyone a Happy New Year.

DEPARTMENT REPORTS:

- **Performance Indicators:**

1j – Tenants Accounts Receivable - Evicted: The Agency will begin doing evictions for the most egregious accounts where tenants have not paid rent in over six (6) months. FPHA has reached out to these tenants, and they have not complied with finding an agency to pay their rent. Mr. Gilmore said he believes there are four (4) tenants who are up for eviction and his staff is fully aware of the special rules and provisions in place for housing authorities in connection with proceeding with an eviction.

Discussion: *Commissioner Scott advised that she believes as of Monday, St. Lucie County has opened up their Grant to assist people with their rent. Ms. Bartell said the Agency reached out to every tenant who owed a balance and asked them to apply for assistance. She said one (1) of the tenants owes eight (8) months of rent, but the Agency will pass on the information about St. Lucie County's Grant and try again. Commissioner Jefferson said she also has an address for landlords for the State of Florida and she believes they can get up to $15,000.00 and will give that information to Ms. Bartell. Ms. Bartell said the Agency wants to keep people housed but the tenants also have a responsibility to help the Agency keep them housed and she will be glad to pass on the information which will be supplied by the Commissioners.*

4b – Number of Work Orders Not Completed: In prior times, that number was high with Work Orders that were open since 2018. The Agency has lowered the number from 560 to 229, which is substantial considering the Agency received 459 Work Orders for the month. The Agency will continue to work on getting that number down. Ms. Bartell reminded the Board that the Agency will be charging for repetitive Maintenance issues as some of these items can be very expensive such as repetitive broken windows and doors. Ms. Bartell gave an example of one (1) unit where many of the windows had been shattered and replaced and recently the windows were shot out and they needed to be replaced again.

The Agency is also utilizing a Maintenance worker, who is on light duty, to drive the sites and issue notices to residences where cars are parked on the grass, etc., because FPHA cannot upkeep the sites if it does not have the participation of the tenants who live there. Mr. Gilmore said there is a lease that his firm developed that addresses some of the issues being reported and he will get with Ms. Bartell to discuss a lease addendum or a new lease format which might make it easier to address some of these issues.

Discussion: *Commissioner Scott asked if SLCSO had been out to the unit where the windows were broken and if they had reported that the windows were damaged due to gunfire, and if that incident matched situations happening in the area. Ms. Sparacio said many times the resident does not report the incident so law enforcement is not always aware of it, but the Agency would inquire with SLCSO in this regard.*

- **Financial Statements:**

  - **Central Office Cost Center (COCC):** The Total Net Income (Loss) is at 58% and the YTD Net Income (Loss) is $133,491.

  - **Asset Management Projects (AMPs):**

    AMP 1: AMP 1 has a Net Income (Loss) of ($367,110), however, in Line Item #443000 Maintenance Contracts – Other - $275,000 was utilized towards elevator modernization. The AMP would be performing better if it was not for these costs. With regard to elevator modernization, there was an issue where both elevators at Park Terrace had to be shut down to perform necessary work and Ms. Corrodus was able to negotiate a time late at night for the company to do this so it would not affect the elderly and disabled tenants who need access to an elevator at all times. Since this would be considered overtime for the elevator workers, Ms. Corrodus was able to get a reduced price for the overtime involved.

    AMP 2: The AMP had a Net Income (Loss) of $160,202 which is 89% YTD although the Agency is only at 42% of the FY. The AMP is performing very well.

    AMP 3: The AMP had a Net Income (Loss) of $365,850. The Budget contains CARES Act Funds which were deposited after Year's End, but these funds will be expended throughout the Year.

  - **Section 8 Housing Choice Voucher Program:** There is not enough housing stock, so the Agency has been helping the participants as much as possible by granting extensions and reducing recoupment payments. Ms. Bartell contacted HUD and was advised that the payment standard could be increased to 120% but Ms. Bartell read that if the Agency were to go to a higher payment standard in 2022, it would have to be reduced back in 2023. Ms. Bartell does not think a landlord would appreciate the Agency reducing the rent next year. Ms. Bartell told the Caseworkers that if their participants are living somewhere now, get the information and the Agency will contact the landlord to see if they will accept a voucher.

- **Contracts:** The Contracts Report is self-explanatory.

- **Affordable Housing Program – Orange Avenue Properties:** 1116 Orange Avenue, Unit #5 is currently occupied by a resident from 516 S. 5th Street, Unit #5 who has been temporarily relocated until repairs are finished in her unit. The balance due COCC as of November 30, 2021 is $56,181.78. Ms. Bartell added that some of the FPHI units have been having mold issues.

- **Resident Services:** Ms. Bartell mentioned previously that the Agency's FSS Grant was renewed in the amount of $62,150.00 for next year.

COMMISSIONERS' COMMENTS:

Chairperson Bradley asked if there were any Commissioners' Comments. Mr. Gilmore said before the Board Meeting was adjourned, he would like to advise that sometime in mid-February he would be doing a training session on Government-in-the-Sunshine Rules, Public Records and the Role of the Commissioners, as well as some other topics, because there are some Commissioners who have not had the training. The training will likely be virtual due to the rise in COVID cases, and he will send the information to the Agency when the date is secured.

ADJOURNMENT:

Chairperson Bradley adjourned the Regular Board Meeting at 5:12 p.m.

INTERIM EXECUTIVE DIRECTOR'S REPORT

The Housing Authority of the City of Fort Pierce, Florida

MEMORANDUM

Date: February 7, 2022

To: Board of Commissioners, The Housing Authority of the City of Fort Pierce, Florida (FPHA)

From: Rosetta Bartell, Interim Executive Director

Subject: February 16, 2022 Board Update

Greetings, I offer the following information for your review:

1. **Organizational:**

   a. ***February 16, 2022 Annual Board Meeting:*** The Board Meeting will be conducted using communications media technology. We have mandated mask wearing for all employees and anyone entering the Agency, regardless of vaccination status. This meeting will be accessible as follows:

      - If you plan to attend electronically, please use the Zoom link: https://us06web.zoom.us/j/3974440992; When Prompted Enter Passcode 511.

      - If you desire to dial in using your phone, please call 301-715-8592; Meeting ID: 397 444 0992; No Participant ID Required Just Press #; Meeting Password 511.

   If any Board Member wishes to attend electronically, please contact Ms. Johnson at (772) 429-6427, as we must have quorum physically present at the Board Meeting site.

   As a friendly reminder, the Election of Officers is on the Agenda and will occur at said meeting.

   b. ***Board Retreat:*** At the Board's pleasure we can schedule our Board Retreat, which I recommend we tie it into our Board Meeting date of May 11, 2022. Also, at the Board's discretion, a site tour can be scheduled.

c. ***Section 8 Landlord - Commissioner Ionis Jefferson:*** As an update regarding Commissioner Jefferson's Section 8 resident being ported to Stuart Housing Authority, the property re-inspection is scheduled for February 7, 2022.

d. ***COVID-19 Pandemic - Internal Update:*** We are still adhering to the implemented measures within the building to protect against exposure to illness.

As an update, the suspension of housekeeping inspections in Public Housing was lifted as of January 21, 2022. Unfortunately, the Agency is faced with numerous housekeeping issues in our units that must be addressed, and the only way to discover said issues is through inspections. Therefore, I advised staff to please use every precaution when entering units and N95 masks have been distributed to staff.

e. ***Extreme Conditions/Situations July 1 - Present (6 months):***

- ***Microbial Agents:*** We have had to request Indoor Air Quality and Microbial Testing. Thirty-four (34) units were tested, and thirty-three (33) units tested positive and required professional remediation. Approximately 70% of the units required the tenants to be relocated in order for the remediation to be performed. Last fiscal year we had fifteen (15) units tested and six (6) units professionally treated.

  According to current staff, the practice was for the Maintenance Department to treat the units by spraying bleach on the impacted areas, followed by using Kilz stain blocker. Only the cases that looked like a lot of microbial discoloration or spotting were tested. On Monday, January 31, two (2) companies came to the Agency to do training for our Maintenance staff, Section 8 inspectors, and Public Housing property managers. It was very informative, and our staff was given valuable knowledge, mainly that bleach does not cure microbial irritants, Kilz is only a band aid, and it will return if left untreated, and you cannot distinguish one (1) microbial agent from another without proper testing.

- ***Rodents:*** We have had twenty-eight (28) units with reported rodent infestations and our contractor has worked diligently to get the situation resolved. 23rd Street and 32nd Street are the areas with the highest concentration of calls. Some of the contributing factors are overgrown trees, open pipes and other exterior openings, and poor housekeeping. Each call costs the Agency a minimum of $300.00. Last fiscal year we had ninety-seven (97) calls for rodent issues.

- ***Roofs:*** We have had to call roofing professionals for thirty-eight (38) roofs that needed repairing since the start of the fiscal year. Two (2) units required immediate re-roofing. Several units have been patched over and over again and it is not fiscally practical to keep patching them. Last fiscal year, fifty-eight (58) roofs had work done on them.

- ***Plumbing/Water Leaks:*** The pipes at 601 Avenue B are cast iron and need to be replaced with PVC. We have had six (6) severe pipe issues at that location and since the beginning of this fiscal year, a total of forty (40) units that required the use of a plumbing company. Last fiscal year we had twenty-seven (27) calls to plumbing companies for plumbing/water leaks.

- ***Housekeeping:*** We are finding SEVERAL units with housekeeping issues. I have placed photographs in this Board packet to show some of the conditions staff is finding in the units.

f. ***Internal Review of Business Practices:*** As we all know, regularly reviewing business practices is a crucial part in helping an organization remain up to date with industry standards, organizational needs and compliance, legal requirements, etc. Therefore, a housekeeping review of policies, procedures, and other pertinent documentation is currently being conducted. If any modifications are needed and Board approval is required, it will be addressed accordingly.

g. ***St. Lucie County Sheriff's Office (SLCSO) - Professional Services - Monthly Report:*** The SLCSO report is as follows:

- Conducted close patrols in the Housing Authority's properties.

- Seven (7) arrests in the month of January involving Housing Authority's properties.

- Special Investigations Section (SIS) continues gang enforcement in the Housing Authority areas as it pertains to most crimes committed.

- Reports were provided to Housing Authority Management regarding its properties.

- Shooting activity calls are still frequently occurring in the Garden Terrace housing property. The majority of these calls result in no reports due to no damage occurring or people being injured.

- Met with FPHA staff in reference to an incident which occurred at a unit on Avenue K and worked together in finding a solution to the issue at hand.

- Met with FPHA staff to establish future plans and discuss reporting of statistics to Housing Authority Management.

h. ***Site Project Contracts:*** The status for each project contract is listed below:

- ***Capital Contracts:***

  - ***Blackstreet Enterprises, Inc. – Buell Brown Center (BBC) Renovation Construction Manager at Risk:*** The Agency will pursue further actions through legal counsel.

  - ***Bessolo Design Group, Inc. - A&E Services:*** Ongoing.

- ***Operational Contracts:***

  - ***Gone Fishing Landscaping & More, LLC - Lawn Maintenance Services:*** Ongoing.

  - ***KIB Construction Corp. (KIB) – Concrete Services:*** Ongoing.

  - ***VanWal Services – Pest Control Services:*** Ongoing.

  - ***KIB Construction Corp. (KIB) and A. Thomas Const Inc. (A. Thomas) - Rehabilitation of Fire Units:*** KIB is 80% complete with the last fire unit, 810 N. 23rd Street.

  - ***Cellco Partnership D/B/A Verizon Wireless – Provide a Digital Divide Solution:*** Ongoing.

  - ***TK Elevator Corporation - Modernization and Servicing of BBC and Park Terrace (PT) Elevators:*** TK Elevators anticipates finishing elevators at 601 Avenue B this week. The first elevator at 707 N. 7th Street should be completed in the next two (2) weeks, then they will begin on the final elevator.

i. ***Leases:*** Legal Counsel will provide an update regarding the following leases:

- ***Salvation Army – Request to Transfer Lease/New Lease with Treasure Coast Homeless Services Council, Inc.***
  - Leased Premises: 609 N. 7th Street, Fort Pierce, Florida

- ***St. Lucie County Sheriff's Office***
  - Leased Premises: 2905 Juanita Avenue, Fort Pierce, Florida
  - Leased Premises: The Williams Center (Designated Office Space), Fort Pierce, Florida

- ***The Agricultural & Labor Program, Inc.***
  - Leased Premises: 1035 S. 27th Circle, Fort Pierce, Florida
  - Leased Premises: 1110 N. 32nd Street, Fort Pierce, Florida

- ***Big Brothers Big Sisters of St. Lucie, Indian River, & Okeechobee Counties, Inc.***
    - Leased Premises: 607 B North 7th Street, Fort Pierce, Florida

j. ***Resurrection Life Community & Economic Development Corporation (RLCEDC):*** Mr. Trevor Banks, Jr. requested a meeting to discuss the possibility of partnering with FPHA to develop 500 housing units for a Housing Choice Voucher (HCV) Homeownership Program or Project Based Section 8. RLCEDC's proposal is available should the Board wish to review.

During the meeting it was explained that the Homeownership Program would require staff with extensive training, certification, and knowledge of the Program and the Agency currently does not have that personnel.

On February 9, 2022, respective staff members will be participating in a webinar series regarding Public Housing Repositioning & Homeownership to see what is needed to implement such a Program. More than likely, the Agency will need HUD approval.

We welcome any partnerships that are within HUD rules and regulations that afford our clients and tenants the opportunities to excel.

k. ***New Hires:*** After reviewing quotes for janitorial services, it was more fiscally sound to hire two (2) Maintenance Aides, which at this time they are tasked with maintaining the Buell Brown Center and Park Terrace.

2. **Procurement:**

a. None at this time.

3. **Motion(s):**

a. None at this time.

4. **Federal Items:**

a. ***Email from Victor Atkins, Director, Office of Public and Indian Housing, HUD - Re: Exigent Health & Safety Concerns:*** Bessolo Design Group, Inc. (BDG) will provide the information upon completion of their inspection of Park Terrace.

b. ***External Auditing for FYE June 30, 2021:*** The Auditors are in the process of completing the audit. Upon receiving the final audit report, the presentation will be scheduled, and I will notify the Board accordingly.

c. ***HUD, Region IV, Office of Fair Housing and Equal Opportunity – Complainant: M. Clerjeaux*****:** This case is closed as I received a phone message from the Florida Commission on Human Relations on February 4, 2022.

d. ***Emergency Housing Vouchers (EHVs) Program:*** As of January 31, 2022, please see the reporting below. Thus far all applicants are in need of a one-bedroom unit, which unfortunately has been difficult to locate.

- Total Referrals Received: 22
- Total Vouchers Issued: 17
- Ineligible: 2
- No Longer Needed: 3
- Request for Tenancy Approval (RFTA): 5
- Lease Up: 4 (complete)
  1 (pending)
  1 (port out)

Additionally, I will be seeking Board approval of an Emergency Housing Vouchers Temporary Policy Supplement, via Resolution 2022-05 herein.

e. ***Family Self-Sufficiency (FSS) Renewal Grant:*** I am pleased to report that on behalf of the Agency, I accepted the FSS grant in the amount of $62,150.00. The grant period is January 1, 2022 – December 31, 2022; however, at this time we are unable to draw funds. Once we are able to do so, FPHA will be reimbursed. This is a normal process for this grant.

f. ***Public Housing Authority (PHA) Annual Plan & Capital Fund Program (CFP) 5-Year Action Plan:*** Our Agency will have for public review from February 23, 2022 at 9:00 am through April 11, 2022 at 9:00 am its proposed PHA Annual Plan, Admissions & Continued Occupancy Policy (ACOP) for the Public Housing Program, Administrative Plan for the Section 8 Housing Choice Voucher Program, CFP 5-Year Action Plan, and all other supporting documentation. Comments can be submitted in writing to our office during the review period.

As a reminder, as Board Members part of your fiduciary duties is to approve policies; therefore, please make time to review the documents, which will be submitted to you via your Agency email. I will notify you once said email has been submitted. Please feel free to contact me with any questions you may have. I look forward to receiving your comments accordingly.

As required by HUD, the following actions will be taken:

- The Agency is to obtain the City's Certification, via form HUD-50077-SL, that our PHA Plan is consistent with the City's Consolidated Plan. Therefore, I will be reaching out to the City Manager, via email regarding said matter.

- On February 20, 2022, we will be publishing in the local newspaper that we will be conducting the Public Hearing for comments on the proposed documents at our office on April 11, 2022 at 11:00 am.

  As a friendly reminder, I will need a Board Member to volunteer to chair the Public Hearing.

5. **Fort Pierce Housing, Inc. (FPHI):**

    a. ***Annual Board Meeting:*** Immediately after the FPHA Annual Board Meeting on February 16, 2022, FPHI Annual Board Meeting will convene. The Election of Officers will occur at said meeting.

    b. ***Emil Development Project:*** A rendering of the building will be presented at FPHI Annual Board Meeting.

6. **Training/Certification:**

    a. ***Training:*** If you are interested in attending any of the following trainings, please contact Ms. Johnson at (772) 429-6427:

        - ***Washington Conference:*** The Online Conference is scheduled for March 28-30, 2022. At this time registration is available and the early bird discounted rate ends on February 28. Additional information regarding the Conference is attached herein.

        - ***National Conference & Exhibition:*** Scheduled for September 22-24, 2022 in San Diego, California. As soon as additional information is provided, I will share with the Board.

    - ***FAHRO Executive Director's Forum:*** As the Board is aware, I will be attending the Forum which is scheduled for February 9-11, 2022 in Palm Coast, Florida.

b. ***NAHRO Commissioners Certification (NCC):*** In the event a Board Member wishes to become a NAHRO Certified Commissioner I have attached herein the certification requirements including the application.

Please note that completion of both NAHRO trainings, Ethics for Commissioners & Commissioners' Fundamentals, satisfies the educational requirements. The Pre- and Post-Assessments for the Commissioners' Fundamentals training must also be completed, which will be provided prior to/during the training with the other training materials. Upon successful completion of the trainings, the certification application, including pledging to adhere to the NAHRO Code of Professional Conduct must be submitted.

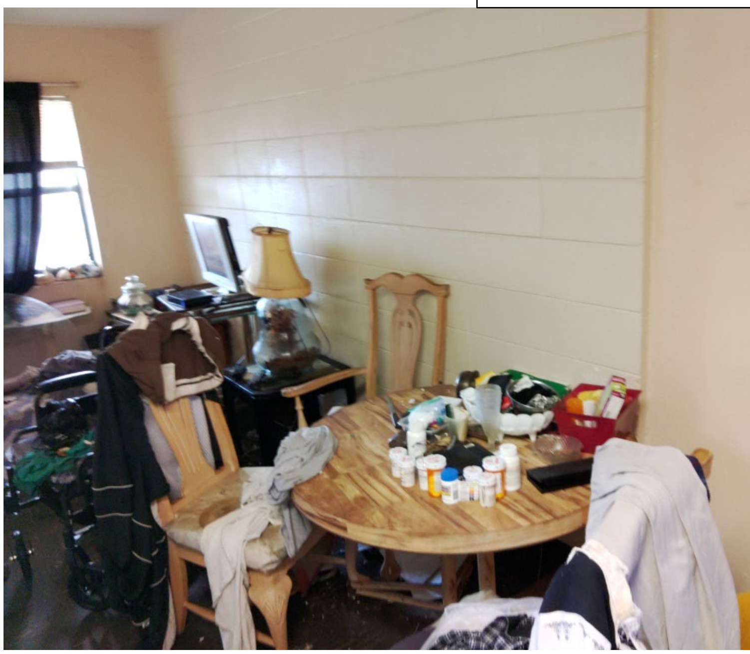
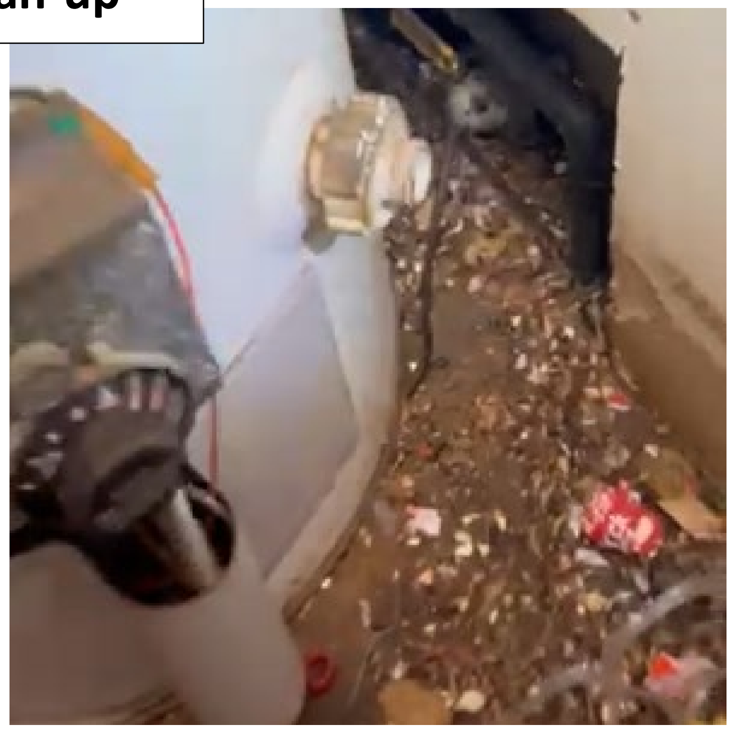
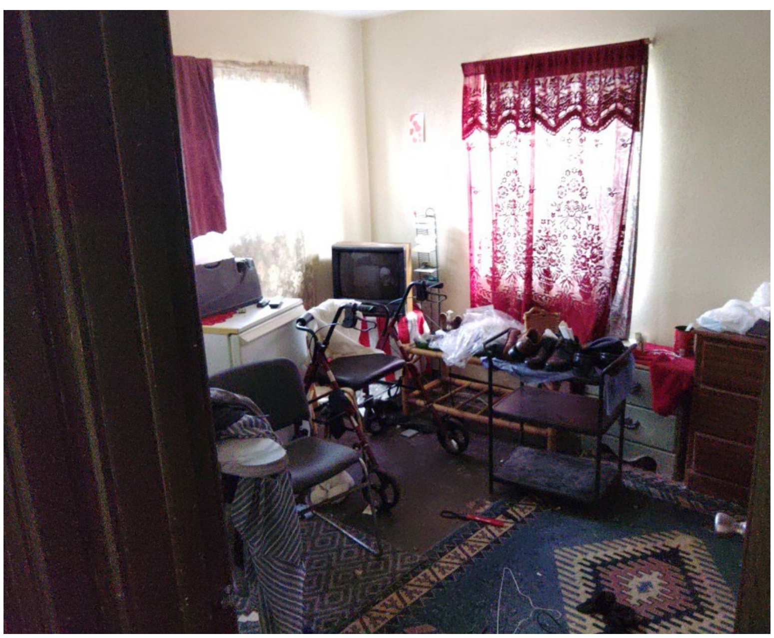
Large rats have been irradicated, and the property manager will continue to monitor the unit for cleanliness and rodent issues.

Before Clean-up







PHADA's 2022 Annual Convention & Exhibition is scheduled for May 19-22 at the Grand Hyatt San Antonio River Walk. As always, the convention will provide the latest information housing authority staff and boards need to run their local agencies.

Some of the main topics to be covered in San Antonio include the latest on the FY 22 HUD appropriations bill and President Biden's proposed 2023 HUD Budget. PHADA also plans to cover the latest on other important legislation including the pending Build Back Better proposal, which includes more than $100 billion in housing funding.

HUD plans to soon release new requirements related to Section 3 employment opportunities for residents. This will be another major topic at the meeting. Similarly, PHADA will outline new provisions in the Fair Housing rule, which are expected to be released soon.

The new infrastructure law includes tens of billions of dollars for broadband expansion and internet subscriptions for low- and moderate-income families. PHADA will provide information on how HAs can collaborate with their states and localities to try and secure some of those funds for residents. In addition, HUD's latest rules on inspections and the NSPIRE protocol are continuing to evolve, and housing professionals will want to stay on top of the changes in those programs.

In addition to these sessions for executive directors and their staffs, PHADA will provide training for commissioners. Some expected sessions will cover asset repositioning, important insurance-related issues, effective strategic and succession planning, workplace rule changes stemming from the pandemic, ethics, and current events in housing, among others.

Some other topics that will be covered include enhancing safety and security for HAs (including cyber security) and effective disaster planning. Also on the agenda are the Moving to Work expansion, conversions under RAD to the multifamily program, and strategies to handle the many challenges facing the industry including evictions, rising tenant receivables and other pandemic-driven developments.

These are just some of the planned sessions for the 2022 Annual Convention & Exhibition. Other sessions are now in development and will be announced shortly. Look for more specific details on workshops, sessions and other Convention highlights in the Advocate and on the PHADA website.

COVID-19 Safety Measures

- In order to provide the safest meeting environment possible, **all attendees will be required to show proof of vaccination**. Proof of a negative test will not be accepted for admittance to the meeting. Instructions on how to submit proof of vaccination can be found in your registration confirmation email. Proof of vaccination must be provided by April 15, 2022. To request a medical or religious exemption, please contact Sara Patterson at: spatterson@phada.org.
- **Attendees are required to wear masks indoors** during the meeting. Masks must cover your nose and mouth and will be available at registration.
- Hand sanitizer stations will be provided throughout the meeting space and we encourage attendees to wash their hands regularly.
- If you are not feeling well prior to the meeting, please do not travel. Contact Norma Bellew (nbellew@phada.org) to cancel your registration.
- If you are not feeling well during the meeting, please do not attend the conference and notify Sara Patterson (spatterson@phada.org). We also ask that if you test positive for COVID-19 within 14 days of the meeting that you notify Sara Patterson so other attendees can be informed. We also ask that you notify any attendees you were in close contact with during the meeting.

Date: February 22-23, 2022

Add to Calendar

Early Bird Ends 2/1/22!

What is the schedule?

Tuesday February 22 - Wednesday February 23 from 1:30-4pm ET

Description:

Join our NEW Ethics for Commissioners training!

Ethics play a significant role in the life of a commissioner. This training will increase commissioner's understanding of professional conduct guidelines, and their ability to recognize and appropriately address ethics-related issues and problems that may arise. Learn about laws, regulations and policies impacting ethical conduct and build your capacity as a board member.

This course, intended for new commissioners and as a refresher for veteran commissioners, uses practical applications and skills assessment exercises to reinforce ethical concepts. You'll leave with practical strategies to minimize risk and improve the ethical conduct of your Board and organization.

This training is a requirement for individuals seeking to obtain the NAHRO Commissioners Certification.

Objectives:

By the end of this training, participants will be able to:

List Price: $395.00 USD
Member Price: $245.00 USD

Procurement Policy

(Revision 02/16/2022)

Adopted: February 16, 2022 Resolution No.: 2022-03

Table of Contents

1. INTRODUCTION

The purpose of this Procurement Policy is to provide for the fair and equitable treatment of all persons or firms involved in purchasing and contracting with The Housing Authority of the City of Fort Pierce, Florida (FPHA); assure that quality supplies, services, and construction are procured efficiently, effectively, and at the most favorable prices available to FPHA; promote competition in contracting; provide safeguards for maintaining a procurement system of quality and integrity; and assure that FPHA purchasing actions are in full compliance with applicable Housing and Urban Development (HUD), Federal, and State of Florida standards.

This Procurement Policy complies with the Annual Contributions Contract (ACC) between FPHA and the HUD Federal Regulations at 2 CFR Part 200, the procurement standards of the Procurement Handbook for PHAs, HUD Handbook 7460.8, Rev 2, and applicable State and Local laws.

By approval of this Policy, the Board of Commissioners hereby appoints the Executive Director as Procurement/Contracting Officer for the Housing Authority.

While the Executive Director is responsible for ensuring that FPHA's procurements comply with this Policy, the Executive Director may delegate some or all procurement authority as is necessary and appropriate to conduct the business of FPHA.

Further, and in accordance with this delegation of authority, the Executive Director shall, where necessary establish operational procedures (such as a Procurement Manual and/or Standard Operating Procedures) to implement this Policy.

The above language was taken from the HUD Procurement Handbook for Public Housing Agencies HUD Handbook 7460.8, Rev 2, with reference to FPHA added.

For the purpose of this Policy, and all applicable FPHA Policies, the Contracting Officer is the Executive Director. The term designee may be rendered singularly or plurally as deemed in the best interest of the agency.

The term Contracting Officer shall be interpreted as Contracting Officer or designee.

The Contracting Officer will ascertain that the following are met:

1. The yearly procurements are adequately planned.
2. The procurement documents clearly specify the desired products, constructions, and services, as well as the methods of award.
3. The solicitation procedures are conducted in full compliance with the federal regulations (or state and local laws whichever are more stringent).

4. A firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder as stated in 2 CFR 200.320 (b) (1) (ii) (D), when sealed bidding is the method of procurement.
5. There are sufficient unencumbered funds for each procurement to defray the cost of contracts.

This Policy and any changes thereto shall be submitted to the Board for approval.

2. GENERAL PROVISIONS

FPHA shall provide for a procurement system of quality and integrity; ensure that supplies and services (including construction) are procured efficiently, effectively, and at the most favorable prices available to FPHA; promote competition in contracting; and assure that FPHA purchasing actions are in compliance with applicable Federal standards, HUD regulations, State, and local laws.

Application. This Policy applies to all procurement actions of FPHA, regardless of the source of funds, except as noted under “exclusions” below. However, nothing in this Policy shall prevent FPHA from complying with the terms and conditions of any grant, contract, gift, or bequest that is otherwise consistent with the law. When both HUD and non-Federal grant funds are used for a project, the work to be accomplished with the funds should be separately identified prior to procurement so that appropriate requirements can be applied, if necessary. If it is not possible to separate the funds, HUD procurement regulations shall be applied to the total project. If funds and work can be separated and work can be completed by a new contract, then regulations applicable to the source of funding may be followed.

Definition. The term “procurement”, as used in this Policy, includes the procuring, purchasing, leasing, or renting of:

1. goods, supplies, equipment, and materials,
2. construction and maintenance; consultant services,
3. Architectural and Engineering (A/E) services,
4. Social Services, and other services.

Exclusions. This Policy does not govern administrative fees earned under the Section 8 voucher program, the award of vouchers under the Section 8 program, the execution of landlord Housing Assistance Payment contracts under that program, or non-program income (i.e., fee-for-service revenue) under 24 CFR 985.152. These excluded areas are subject to applicable State and Local requirements.

Changes in Laws and Regulations. In the event an applicable law or regulation is modified or eliminated, or a new law or regulation is adopted, the revised law or regulation shall, to the extent inconsistent with this Policy, automatically supersedes this Policy.

3. ETHICS IN PUBLIC CONTRACTING

Code of Conduct. The Board of Commissioners of FPHA established a mandatory Code of Ethics and Standards of Conduct. This code details the responsibilities and obligations of all employees and Commissioners as it pertains to Conflict of Interest and related penalties for such.

Gratuities, Kickbacks, and Use of Confidential Information. No officer, employee, Board member, or agent of FPHA shall ask for or accept gratuities, favors, or items of more than nominal value (i.e., an inexpensive hat with logo) from any contractor, potential contractor, or party to any subcontract, and shall not knowingly use confidential information for actual or anticipated personal gain.

Prohibition Against Contingent Fees. Contractors wanting to do business with FPHA must not hire a person to solicit or secure a contract for a commission, percentage, brokerage, or contingent fee, except for bona fide established commercial selling agencies.

Public Access to Procurement Information. Most procurement information that is not proprietary is a matter of public record and shall be available to the public to the extent provided in the Florida Freedom of Information Act.

4. PROCUREMENT PLANNING AND DOCUMENTATION

Planning is essential to managing the procurement function properly. Hence, FPHA will periodically review its record of prior purchases, as well as future needs, to:

1. Find patterns of procurement actions that could be performed more efficiently or economically;

2. Maximize competition and competitive pricing among contractors and decrease FPHA's procurement costs;

3. Reduce Agency administrative costs;

4. Ensure that supplies and services are obtained without any need for re-procurement (i.e., resolving bid protests); and

5. Minimize errors that occur when there is inadequate lead time.

Consideration shall be given to storage, security, and handling requirements when planning the most appropriate purchasing actions.

All procurement activities shall contain backup information which can include, but not limited to, one or more of the following: internal requisition forms, quotations, purchase orders, contracts, receipts, invoices, shipping forms, and the appropriate method of information for monetary settlement upon completion of the transaction. This information is necessary for internal and external procedural audits as well as fiscal accountability.

5. PROCUREMENT METHODS

Petty Cash Purchases:
Purchases will be handled through the use of a general petty cash account. For all petty cash accounts FPHA will ensure that all purchases are in compliance with Procurement Micro Purchase guidelines based on the limits set in the Accounting Policy, and security is maintained.

Credit (or Purchasing) Cards:
Credit card usage should follow the rules for Micro and Small Purchases. FPHA has reasonable safeguards to assure that they are used only for intended purposes. All credit card purchases must have the approval of the Contracting Officer.

Micro Purchases:
Purchases of materials, supplies and other routine items (including professional and construction services) not exceeding $3,500.00 may be purchased using the Micro Purchase procedure. All micro purchases must be properly documented. Only one quote is required provided the quote is considered reasonable.

1. To the greatest extent feasible, and to promote competition, small purchases should be distributed among qualified sources. Quotes may be obtained orally (either in person or by phone), by fax, in writing, or through e-procurement or any approved online procurement method. Award shall be made to the qualified vendor that provides the best value to the FPHA. If award is to be made for reasons other than lowest price, documentation shall be provided in the contract file.

2. The FPHA shall not break down requirements aggregating more than the Micro Purchase Threshold into several purchases that are less than the applicable threshold merely to: a) Permit use of the Micro Purchase procedures or, b) To avoid any requirements that applies to purchases that exceed the Micro Purchase threshold.

Small Purchase Procedures:
For any amounts above the micro purchase ceiling, but not exceeding *$150,000.00, FPHA may use small purchase procedures. Under small purchase procedures, FPHA shall seek a reasonable number of quotes (no less than three (3) with at least two (2) actual responses even if one (1) of the responses is “no quote”); to the greatest extent feasible, and to promote competition, small purchases should be distributed among qualified sources. Quotations for Small Purchases (QSP) may be obtained orally (either in person or by phone), by fax, in writing, through e- Procurement, or any approved online procurement method. Award should be made to the responsive and responsible vendor that submits the lowest cost to FPHA. If award is to be made for reasons other than lowest price, documentation shall be provided in the contract file. FPHA shall not break down requirements aggregating more than the small purchase threshold into several purchases that are less than the applicable threshold merely to:

(1) permit use of the small purchase procedures or (2) avoid any requirements that applies to purchases that exceed the Micro Purchase threshold.

*Due to the current economic conditions and the difficulties in finding respondents due to the decreased workforce created by COVID-19, it is in the best interest of the agency to increase the small purchase threshold from $35,000.00 to $150,000.00. This change shall remain in effect until the agency with the approval of the Board deems it feasible to return to the State of Florida small purchase threshold.

Sealed Bids:
Sealed bidding, also known as Invitation for Bid (IFB), shall be used for all contracts that exceed the small purchase threshold and that are not competitive proposals or non-competitive proposals, as these terms are defined in this Policy. Under sealed bids, FPHA publicly solicits bids and awards a firm fixed-price contract (lump sum or unit price) to the responsive and responsible bidder whose bid, conforming to all the material terms and conditions of the IFB, is the lowest in price. Sealed bidding is the preferred method for procuring construction, supply, and non-complex service contracts that are expected to exceed $150,000.00.

1. **Conditions for Using Sealed Bids.** FPHA shall use the sealed bid method if the following conditions are present: a complete, adequate, and realistic statement of work, specification, or purchase description is available; two (2) or more responsible bidders are willing and able to compete effectively for the work; the contract can be awarded based on a firm fixed price; and the selection of the successful bidder can be made principally on the lowest price.

2. **Solicitation and Receipt of Bids.** An IFB is issued and includes the specifications and all contractual terms and conditions applicable to the procurement, and a statement that award will be made to the lowest responsible and responsive bidder whose bid meets the requirements of the solicitation. The IFB must state the time and place for both receiving the bids and the public bid opening. All bids received will be date and time-stamped and stored unopened in a secure place until the public bid opening. A bidder may withdraw the bid at any time prior to the bid opening. Any amendments to the invitation shall be in writing in the form of an addendum, and if it is necessary to issue an amendment within five (5) days of the bid opening, the bid opening may be postponed at FPHA's sole discretion.

3. **Bid Opening and Award.** Bids shall be opened publicly. All bids received shall be recorded on an abstract (tabulation) of bids, which shall then be made available for public inspection. If equal low bids are received from responsible bidders, selection shall be made by identifying which bid was submitted first based on time stamping. The method for doing this shall be stated in the IFB. If only one (1) responsive bid is received from a responsible bidder, award shall not be made unless the price can be determined to be reasonable, based on a cost or price analysis. Awards are made by the Board of Commissioners.

4. **Mistakes in Bids.** Correction or withdrawal of bids may be permitted, where appropriate, before bid opening by written or telegraphic notice received in the office designated in the IFB prior to the time set for bid opening. After bid opening, corrections in bids may be permitted only if the bidder can show by clear and

convincing evidence that a mistake of a nonjudgmental character was made, the nature of the mistake, and the bid price actually intended. A low bidder alleging a nonjudgmental mistake may be permitted to withdraw its bid if the mistake is clearly evident on the face of the bid document, but the intended bid is unclear, or the bidder submits convincing evidence that a mistake was made. All decisions to allow corrections or withdrawal of a bid shall be supported by a written determination signed by the Contracting Officer. After bid opening, changes in bid prices or other provisions of bids prejudicial to the interest of FPHA or fair competition shall not be permitted.

Competitive Proposals:
Unlike sealed bidding, the competitive proposal method (also known as Request for Proposal (RFP)) permits, consideration of technical factors other than price, discussion with offerors concerning offers submitted, negotiation of contract price or estimated cost and other contract terms and conditions, revision of a proposal before the final contractor selection, and the withdrawal of an offer at any time up until the point of award. Award is normally made on the basis of the proposal that represents the best overall value to FPHA, considering price and other factors, e.g., technical expertise, past experience, quality of proposed staffing, etc., set forth in the solicitation and not solely the lowest price.

1. **Conditions for Use.** Where conditions are not appropriate for the use of sealed bidding, competitive proposals may be used. Competitive proposals are the preferred method for procuring professional services that will exceed the small purchase threshold. As detailed within Section 7.2.B of HUD Procurement Handbook 7460.8 REV 2, “Only under limited circumstances would construction services be procured by competitive proposals” accordingly, construction services will most typically be procured utilizing the sealed bid, IFB or small purchase procedures-QSP.

2. **Form of Solicitation.** Other than A/E services, developer-related services, and energy performance contracting, competitive proposals shall be solicited through the issuance of an RFP. The RFP shall clearly identify the importance and relative value of each of the evaluation factors as well as any subfactors and price. A mechanism for fairly and thoroughly evaluating the technical and price proposals shall be established before the solicitation is issued. Proposals shall be handled so as to prevent disclosure of the number of offerors, identity of the offerors, and the contents of their proposals until after award. FPHA may assign price a specific weight in the evaluation factors or FPHA may consider price in conjunction with technical factors; in either case, the method for evaluating price shall be established in the RFP. During the initial evaluation process, only the Procurement Specialist or designee will have knowledge of price. Points for price will be provided to the evaluators by the Procurement Specialist or designee and added to each proposal after all other criteria has been evaluated.

3. **Evaluation.** The proposals shall be evaluated only on the factors stated in the RFP. Where not apparent from the evaluation factors, FPHA shall establish an Evaluation Plan for each RFP. Generally, all RFPs shall be evaluated by an appropriately appointed Evaluation Committee. The Evaluation Committee shall be required to disclose any potential conflict of interest and to sign a Non-Disclosure Statement. An Evaluation Report, summarizing the results of the evaluation, shall be prepared prior to award of a contract.

4. **Negotiations.** Negotiations shall be conducted with all offerors who submit a proposal determined to have a reasonable chance of being selected for award, unless it is determined that negotiations are not needed with any of the offerors. This determination is based on the relative score of the proposals as they are evaluated and rated in accordance with the technical and price factors specified in the RFP. These offerors shall be treated fairly and equally with respect to any opportunity for negotiation and revision of their proposals. No offeror shall be given any information about any other offeror's proposal, and no offeror shall be assisted in bringing its proposal up to the level of any other proposal. A common deadline shall be established for receipt of proposal revisions based on negotiations. Negotiations are exchanges (in either competitive or sole source environment) between FPHA and offerors that are undertaken with the intent of allowing the offeror to revise its proposal. These negotiations may include bargaining. Bargaining includes persuasion, alteration of assumptions and positions, give-and-take, and may apply to price, schedule, technical requirements, type of contract or other terms of a proposed contract. When negotiations are conducted in a competitive acquisition, they take place after establishment of the competitive range and are called discussions. Discussions are tailored to each offeror's proposal and shall be conducted by the Contracting Officer with each offeror within the competitive range. The primary object of discussions is to maximize FPHA's ability to obtain best value, based on the requirements and the evaluation factors set forth in the solicitation. The Contracting Officer shall indicate to, or discuss with, each offeror still being considered for award, significant weaknesses, deficiencies, and other aspects of its proposal (such as technical approach, past performance, and terms and conditions) that could, in the opinion of the Contracting Officer, be altered or explained to enhance materially the proposer's potential for award. The scope and extent of discussions are a matter of the Contracting Officer's judgment. The Contracting Officer may inform an offeror that its price is considered by FPHA to be too high, or too low, and reveal the results of the analysis supporting that conclusion. It is also permissible to indicate to all offerors the cost or price that FPHA's price analysis, market research, and other reviews have identified as reasonable. "Auctioning" (revealing an offeror's price in an attempt to get another offeror to lower their price) is prohibited.

5. **Award.** After evaluation of the revised proposals, if any, and submission to the Board of Commissioners for approval, the contract shall be awarded to the responsible firm whose technical approach to the project, qualifications, price and/or any other factors considered, are most advantageous to FPHA provided that the price is within the maximum total project budgeted amount established for the specific property or activity.

6. **A/E Services.** FPHA must contract for A/E services using Qualifications-based Selection (QBS) procedures, utilizing a Request for Qualifications (RFQ). Sealed bidding shall not be used for A/E solicitations. Under QBS procedures, competitors' qualifications are evaluated, and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. Price is not used as a selection factor under this method. QBS procedures shall not be used to purchase other types of services, other than Energy Performance Contracting and Developer services, though A/E firms are potential sources.

Noncompetitive Proposals:

1. **Conditions for Use.** Procurement by noncompetitive proposals (sole- or single- source) once approved by HUD, may be used only when the award of a contract is not feasible using small purchase procedures, sealed bids, cooperative purchasing, or competitive proposals, and if any of the following applies:

    1. The item is available only from a single source, based on a good faith review of available sources;

    2. An emergency exists that seriously threatens the public health, welfare, or safety, or endangers property, or would otherwise cause serious injury to FPHA, as may arise by reason of a flood, earthquake, epidemic, riot, equipment failure, or similar event. In such cases, there must be an immediate and serious need for supplies, services, or construction such that the need cannot be met through any of the other procurement methods, and the emergency procurement shall be limited to those supplies, services, or construction necessary simply to meet the emergency;

    3. After soliciting a number of sources, competition is determined inadequate.

2. **Justification.** Each procurement based on noncompetitive proposals shall be supported by a written justification for the selection of this method. The justification shall be approved in writing by the responsible Contracting Officer. Poor planning or lack of planning is not justification for emergency or sole-source procurements. The justification, to be included in the procurement file, should include the following information:

    1. Description of the requirement;

    2. History of prior purchases and their nature (competitive vs. noncompetitive);

    3. The specific exception in 2 CFR §200.320(c) which applies;

    4. Statement as to the unique circumstances that require award by noncompetitive proposal;

    5. Description of the efforts made to find competitive sources:
       (Agency website, e-Procurement, phone calls to Local suppliers, issuance of a written solicitation, etc.);

    6. Statement as to efforts that will be taken in the future to promote competition for the requirement;

    7. Signature by the Contracting Officer; and

8. Price Reasonableness. The reasonableness of the price for all procurements based on noncompetitive proposals shall be determined by performing an analysis, as described in this Policy.

Cooperative Purchasing/Intergovernmental Agreements:
FPHA may enter into State and/or Local cooperative or intergovernmental agreements to purchase or use common supplies, equipment, or services. The decision to use an interagency agreement instead of conducting a direct procurement shall be based on economy and efficiency. FPHA may use Federal or State excess and surplus property instead of purchasing new equipment and property if feasible and if it will result in a reduction of project costs. The goods and services obtained under a cooperative purchasing agreement must have been procured in accordance with 2 CFR §200.318-§200.327.

6. INDEPENDENT COST ESTIMATE (ICE)

General. For all purchases above the Small Purchase threshold, FPHA shall prepare an ICE prior to solicitation. The level of detail shall be commensurate with the cost and complexity of the item to be purchased.

7. COST AND PRICE ANALYSIS (CPA)

General. FPHA shall require assurance that, before entering into a contract, the price is reasonable, in accordance with the following instructions. Software to be used to create a cost analysis shall be one that has numerous individual cost items from which to create cost estimates.

Petty Cash and Micro Purchases. No formal cost or price analysis is required. The Purchase Order (PO) or other purchase means shall serve as the determination that the price obtained is reasonable.

Small Purchases. A comparison with other offers shall generally be sufficient determination of the reasonableness of price and no further analysis is required. If a reasonable number of quotes are not obtained to establish reasonableness through price competition, the Contracting Officer shall document price reasonableness through other means, such as prior purchases of this nature, catalog prices, the Contracting Officer's personal knowledge at the time of purchase, or any other reasonable basis.

Sealed Bids. The presence of adequate competition should generally be sufficient to establish price reasonableness. Where sufficient bids are not received, and when the bid received is substantially more than the ICE, and where FPHA cannot reasonably determine price reasonableness, FPHA must conduct a cost analysis, consistent with Federal guidelines, to ensure that the price paid is reasonable. Any bid above or below 20% of the ICE may be determined not reasonable.

Competitive Proposals. The presence of adequate competition should generally be sufficient to establish price reasonableness. Where sufficient proposals are not received, FPHA must compare the price with the ICE. For competitive proposals where prices cannot be easily compared among offerors, where there is not adequate competition, or where the price is substantially greater than the ICE, FPHA must conduct a cost analysis, consistent with Federal guidelines, to ensure that the price paid is reasonable.

Contract Modifications. A cost analysis, consistent with Federal guidelines, shall be conducted for all contract modifications for projects that were procured through Sealed Bids, Competitive Proposals, or Non-Competitive Proposals, or for projects originally procured through small purchase procedures.

8. SOLICITATION AND ADVERTISING

Method of Solicitation.

Petty Cash and Micro Purchases. FPHA may contact only one (1) source if the price is considered reasonable.

Small Purchases. Quotes may be solicited orally and documented, through fax, e-Procurement, or by any other reasonable method.

Sealed Bids and Competitive Proposals. Solicitation must be done publicly. FPHA must use one (1) or more of the following solicitation methods, provided that the method employed provides for meaningful competition:

1. Advertising on FPHA website, in local newspapers or other print mediums of Local or general circulations.

2. Advertising in various trade journals or publications (for construction).

3. e-Procurement. FPHA may conduct its public procurements through the Internet using e-Procurement systems. However, all e-Procurements must otherwise be in compliance with 2 CFR §200.318-§200.327, State and Local requirements, and FPHA's Procurement Policy.

Time Frame. For purchases of more than $150,000.00, the public notice should run not less than once each week for two (2) consecutive weeks.

Form. Notices/advertisements should state, at a minimum, the place, date, and time that the bids or proposals are due, the solicitation number, a contact that can provide a copy of, and information about, the solicitation, and a brief description of the needed item(s), renewal options if applicable, and bonding requirements.

Time Period for Submission of Bids. Bid will be a minimum of twenty-one (21) days, but generally thirty (30) days shall be provided for preparation and submission of sealed bids and fifteen (15) days for competitive proposals. However, the Contracting Officer may allow for a shorter or longer period under extraordinary circumstances.

Cancellation of Solicitations.

An IFB, RFP, or other solicitation may be cancelled before bids/offers are due if:

1. The supplies, services or construction is no longer required;

2. The funds are no longer available;

3. Proposed amendments to the solicitation are of such magnitude that a new solicitation would be best; or

4. Other similar reasons.

A solicitation may be cancelled and all bids or proposals that have already been received may be rejected if:

1. The supplies or services (including construction) are no longer required;

2. Ambiguous or otherwise inadequate specifications were part of the solicitation;

3. All factors of significance to FPHA were not considered;

4. Prices exceed available funds, and it would not be appropriate to adjust quantities to come within available funds;

5. There is reason to believe that bids or proposals may not have been independently determined in open competition, may have been collusive, or may have been submitted in bad faith; or

6. For good cause of a similar nature when it is in the best interest of FPHA.

The reasons for cancellation shall be documented in the procurement file and the reasons for cancellation and/or rejection shall be provided upon request.

A notice of cancellation shall be sent to all bidders/offerors solicited and, if appropriate, shall explain that they will be given an opportunity to compete on any re-solicitation or future procurement of similar items.

If all otherwise acceptable bids received in response to an IFB are at unreasonable prices an analysis should be conducted to see if there is a problem in either the specifications or FPHA's cost estimate. If both are determined adequate and if only one (1) bid is received and the price is unreasonable, the Contracting Officer may cancel the solicitation and either:

1. Re-solicit using an RFP; or
2. Complete the procurement by using the competitive proposal method. The Contracting Officer must determine, in writing, that such action is appropriate, must inform all bidders of FPHA's intent to negotiate, and must give each bidder a reasonable opportunity to negotiate.

If problems are found with the specifications, FPHA should cancel the solicitation, revise the specifications, and re-solicit using an IFB.

9. BONDING REQUIREMENTS

General. The standards under this section apply to construction contracts that exceed $150,000.00. There are no bonding requirements for small purchases or for competitive proposals except when the competitive proposal pertains to construction. FPHA may require bonds in these latter circumstances when deemed appropriate; however, non-construction contracts should generally not require bid bonds.

Bid Bonds. For construction contracts exceeding $150,000.00, offerors shall be required to submit a bid guarantee from each bidder equivalent to 5% of the bid price. This bid guarantee must be in the form of a bid bond, provided by a company listed in the U. S. Treasury Circular Number 570 and authorized to do business in the State of Florida, or a cashier's check made payable to FPHA.

Payment Bonds. For construction contracts exceeding $150,000.00, the successful bidder shall furnish an assurance of completion. This assurance may be either of the following:

1. A performance and payment bond in a penal sum of 100% of the contract price; or

2. Separate performance and payment bonds, each for 50% or more of the contract price; or

Section 3/Minority Businesses may petition to use a 20% cash escrow or 25% irrevocable line of credit. These will be decided by FPHA on a case-by-case basis.

These bonds must be obtained from guarantee or surety companies acceptable to the U.S. Government and authorized to do business in the State of Florida. Individual sureties shall not be considered. U.S. Treasury Circular Number 570 lists companies approved to act as sureties on bonds securing Government contracts, the maximum underwriting limits on each contract bonded, and the States in which the company is licensed to do business. Use of companies on this circular is mandatory.

10. CONTRACTOR QUALIFICATIONS AND DUTIES

Contractor Responsibility. FPHA shall not award any contract until the prospective contractor, i.e., low responsive bidder, or successful offeror, has been determined to be responsible. A responsible bidder/offeror must:

1. Have adequate financial resources to perform the contract, or the ability to obtain them;

2. Be able to comply with the required or proposed delivery or performance schedule, taking into consideration all of the bidder's/offeror's existing commercial and governmental business commitments;

3. Have a satisfactory performance record;

4. Have a satisfactory record of integrity and business ethics;

5. Have the necessary organization, experience, accounting and operational controls, and technical skills, or the ability to obtain them;

6. Have the necessary production, construction, and technical equipment and facilities, or the ability to obtain them; and,

7. Be otherwise qualified and eligible to receive an award under applicable laws and regulations, including not be suspended, debarred or under a HUD imposed Limited Denial of Participation (LDP).

If a prospective contractor is found to be non-responsible, a written determination of non-responsibility shall be prepared and included in the official contract file, and the prospective contractor shall be advised of the reasons for the determination.

Suspension and Debarment. Contracts shall not be awarded to debarred, suspended, or ineligible contractors. Contractors may be suspended, debarred, or determined to be ineligible by HUD in accordance with HUD regulations (2 CFR §200.317-§200.326) or by other Federal agencies, e.g., Department of Labor (DOL) for violation of labor regulations, when necessary to protect housing authorities in their business dealings. Prior to issuance of a contract, Agency staff shall, as detailed within Section 10.2.H.1 and 10.2.H.2 of HUD Procurement Handbook 7460.8 REV 2, conduct the required searches within the HUD LDP system and the U.S. General Services Administration System for Award Management (SAM) and place within the applicable contract file the results of each such search.

Vendor Lists. All interested businesses shall be given the opportunity to be included on vendor lists. Any lists of persons, firms, or products which are used in the purchase of supplies and services (including construction) shall include enough sources to ensure competition.

11. CONTRACT PRICING ARRANGEMENTS

Contract Types. Any type of contract which is appropriate to the procurement, and which will promote the best interests of FPHA may be used, provided the cost-plus-a-percentage-of-cost and percentage-of-construction-cost methods are not used. For all cost reimbursement contracts, FPHA must include a written determination as to why no other contract type is suitable. Further, the contract must include a ceiling price that the contractor exceeds at its own risk.

Options. Options for additional quantities or performance periods may be included in contracts, provided that:

1. The option is contained in the solicitation;

2. The option is a unilateral right of FPHA;

3. The contract states a limit on the additional quantities and the overall term of the contract;

4. The options are evaluated as part of the initial competition;

5. The contract states the period within which the options may be exercised;

6. The options may be exercised only at the price specified in or reasonably determinable from the contract; and

7. The options may be exercised only if determined to be more advantageous to FPHA than conducting a new procurement.

12. CONTRACT CLAUSES

Contract Pricing Arrangements. All contracts shall identify the contract pricing arrangement as well as other pertinent terms and conditions, as determined by FPHA.

Required Forms. Additionally, the forms which contain all HUD-required clauses and certifications for contracts shall be used, as applicable, in all corresponding solicitations and contracts issued by FPHA.

Required Contract Clauses. FPHA shall ensure that each contract executed by FPHA contains the required contract clauses detailed within 2 CFR §200.326 and Appendix II.

13. CONTRACT ADMINISTRATION

General. FPHA shall maintain a system of contract administration designed to ensure that contractors perform in accordance with their contracts. These systems shall provide for inspection of supplies, services, or construction, as well as monitoring contractor performance, status reporting on major projects including construction contracts, and similar matters. For cost-reimbursement contracts, costs are allowable only to the extent that they are consistent with the cost principles in HUD Handbook 2210.18.

14. SPECIFICATIONS

General. All specifications shall be drafted so as to promote overall economy for the purpose intended and to encourage competition in satisfying FPHA's needs. Specifications shall be reviewed prior to issuing any solicitation to ensure that they are not unduly restrictive or represent unnecessary or duplicative items. Function or performance specifications are preferred. Detailed product specifications shall be avoided whenever possible. Consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. For equipment purchases, a lease versus purchase analysis should be performed to determine the most economical form of procurement.

Limitation. The following types of specifications shall be avoided:

1. Geographic restrictions not mandated or encouraged by applicable Federal law (except for A/E contracts, which may include geographic location as a selection factor if adequate competition is available);

2. Brand name specifications (unless the specifications list the minimum essential characteristics and standards to which the item must conform to satisfy its intended use).

3. Nothing in this Policy shall preempt any State licensing laws. Specifications shall be reviewed to ensure that organizational conflicts of interest do not occur.

15. APPEALS AND REMEDIES

General. It is Agency policy to resolve all contractual issues informally and without litigation. Disputes will not be referred to HUD unless all administrative remedies have been exhausted. When appropriate, a mediator may be used to help resolve differences.

Informal Appeals Procedure. For contracts of $150,000.00, the bidder/contractor may request to meet with the appropriate Contracting Officer after submitting concerns/issues with the award of the contracts.

Formal Appeals Procedure. Formal appeals procedures are established for solicitations/contracts of more than $150,000.00 under the correlating governing HUD documents such as: 5370, 5370EZ, and 5370C.

Bid Protest. Any actual or prospective contractor may protest the solicitation or award of a contract for serious violations of the principles of this Policy. Any protest against a solicitation must be received before the due date for the receipt of bids or proposals, and any protest against the award of a contract must be received within ten (10) calendar days after the notice of the contract award, or the protest will not be considered. All bid protests shall be in writing, submitted to the Contracting Officer, who shall issue a written decision on the matter. The Contracting Officer, at his/her discretion, may suspend the procurement pending resolution of the protest if the facts presented so warrant.

Contractor Claims. All claims by a contractor relating to performance of a contract shall be submitted in writing to the Contracting Officer for a written decision. The contractor may request a conference on the claim. The Contracting Officer's decision shall inform the contractor of its appeal rights to the next higher level of authority in Agency. Contractor claims shall be governed by the Changes Clause in the relevant form HUD-5370.

16. ASSISTANCE TO SMALL AND OTHER BUSINESSES

Required Efforts. Consistent with Presidential Executive Orders 11625, 12138, and 12432, and Section 3 of the HUD Act of 1968, all feasible efforts shall be made to ensure that small and minority-owned businesses, women's business enterprises, and other individuals or firms located in or owned in substantial part by persons residing in the area of the FPHA project are used when possible. Such efforts shall include, but shall not be limited to:

1. Including such firms, when qualified, on solicitation mailing lists;

2. Encouraging their participation through direct solicitation of bids or proposals whenever they are potential sources;

3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by such firms;

4. Establishing delivery schedules, where the requirement permits, which encourage participation by such firms;

5. Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce;

6. Including in contracts, to the greatest extent feasible, a clause requiring contractors, to provide opportunities for training and employment for lower income residents of the project area and to award subcontracts for work in connection with the project to business concerns which provide opportunities to low-income residents, as described in 24 CFR §135; and

7. Requiring prime contractors, when subcontracting is anticipated, to take the positive steps listed above. 2 CFR §200.321

Goals. Shall be established periodically for participation by small businesses, minority-owned businesses, women-owned business enterprises, labor surplus area businesses, and Section 3 business concerns in Agency prime contracts and subcontracting opportunities.

Definitions. A small business is defined as a business that is:

1. Independently owned; not dominant in its field of operation; and not an affiliate or subsidiary of a business dominant in its field of operation. The size standards in 13 CFR §121 should be used to determine business size.

2. A minority-owned business is defined as a business which is at least 51% owned by one (1) or more minority group members; or, in the case of a publicly owned business, at least 51% of its voting stock is owned by one (1) or more minority group members, and whose management and daily business operations are controlled by one (1) or more such individuals. Minority group members include, but are not limited to Black Americans, Hispanic Americans, Native Americans, Asian Pacific Americans, Asian Indian Americans, and Hasidic Jewish Americans.

3. A women's business enterprise is defined as a business that is at least 51% owned by a woman or women who are U.S. citizens and who control and operate the business.

4. A "Section 3 business concern" is as defined under 24 CFR §135.

5. A labor surplus area business is defined as a business which, together with its immediate subcontractors, will incur more than 50% of the cost of performing the contract in an area of concentrated unemployment or underemployment, as defined by the DOL in 20 CFR §654, Subpart A, and in the list of labor surplus areas published by the Employment and Training Administration.

17. BOARD APPROVAL OF PROCUREMENT ACTIONS

Authority. The Board appoints and delegates procurement authority to the Executive Director, as Contracting Officer in the amount not to exceed $150,000.00 and is responsible for ensuring that any procurement policies and procedures adopted are appropriate for FPHA. All procurements that exceed $150,000.00 must have approval from the Board prior to award and/or contract execution. However, any procurement $50,000.00 but less than $150,000.00 will be disclosed to the Board at the next official board meeting.

18. DELEGATION OF CONTRACTING AUTHORITY

Delegation. While the Executive Director is the Contracting Officer and is responsible for ensuring that FPHA's procurements comply with this Policy, the Contracting Officer may delegate, in writing, all procurement authority as is necessary and appropriate to conduct the business of FPHA.

Procedures. Further, and in accordance with this delegation of authority, the Contracting Officer shall ensure, where necessary, the establishment of operational procedures (such as a Procurement Manual and/or Standard Operating Procedures) to implement this Policy. The Contracting Officer shall also ensure, where necessary, the establishment of a system of sanctions for violations of the ethical standards described in Section 3.0 herein, consistent with Federal, State, or Local laws.

19. DOCUMENTATION

Required Records. FPHA must maintain records sufficient to detail the significant history of each procurement action. These records shall include, but shall not necessarily be limited to, the following:

1. Rationale for the method of procurement (if not self-evident);

2. Rationale of contract pricing arrangement (also if not self-evident);

3. Reason for accepting or rejecting the bids or offers;

4. Basis for the contract price (as prescribed in this Policy);

5. A copy of the contract documents awarded or issued and signed by the Contracting Officer unless done by electronic method such as POs;

6. Basis for contract modifications; and

7. Related contract administration actions.

Level of Documentation. The level of documentation should be commensurate with the value of the procurement.

Record Retention. Records are to be retained for a minimum period of three (3) years (and in compliance with all program record retention policies) after final payment, and all matters pertaining to the contract are closed.

20. DISPOSITION OF SURPLUS PROPERTY

General. Personal property shall not be sold or exchanged for less than its fair value. Personal property shall not be destroyed, abandoned, or donated without prior approval from the Board of Commissioners. The Contracting Officer shall make every effort to dispose of excess personal property as outlined below. However, if the property has no value and a purchaser cannot be found, a statement shall be prepared by the Contracting Officer as to the disposition of the property.

Sales of excess personal property shall be made in the following manner:

1. If the estimated sales value of the personal property offered for sale is less than $500.00, it may be retained, sold, donated, or otherwise disposed of with no further obligation to FPHA.

2. For sales value from $500.00 to $5,000.00, upon approval of the Board of Commissioners, the Contracting Officer shall solicit informal bids orally by telephone or in writing from all known perspective purchasers and a tabulation of all such bids received shall be prepared and retained as part of the permanent record. The sale shall be documented by an appropriate bill of sale.

3. For sales value of $5,000.00 or more, the award of such property shall be made only after advertising for bids. Such advertising shall be at least fifteen (15) days prior to award of the sale contract and shall be by advertisement in newspapers or circular letters to all prospective purchasers. In addition, notices shall be posted in public places. Bids shall be opened publicly at the time and place specified in the advertisement. A tabulation of all bids received shall be prepared and filed with the contract

as a part of the permanent record. The award shall be made to the highest bidder as related to price.

4. The sale of personal property to a public body for public use may be negotiated at its fair value and is subject to prior approval of the Executive Director. The transfer shall be documented by an appropriate bill of sale.

5. In the case of a vehicle, the property may be used as a “trade-in” in order to obtain the purchase of another vehicle of greater value regardless of the sales value.

No FPHA or the Housing Authority of the City of Stuart, Florida (SHA) employees will be permitted to purchase any FPHA property proposed for disposition.

21. FUNDING AVAILABILITY

General. Before initiating any contract, FPHA shall ensure sufficient funds available to cover the anticipated cost of the contract or modifications. The funding source must be determined prior to solicitation and included in the contract file.

22. CERTIFICATION

FPHA self-certifies that this Procurement Policy, and the FPHA's procurement system, complies with all applicable Federal regulations and, as such, the FPHA is exempt from prior HUD review and approval of individual procurement action.

Non-Federal Procurement Policy

(Revision 02/16/2022)

Adopted: February 16, 2022 Resolution No.: 2022-03

Table of Contents

1. INTRODUCTION

The purpose of this Non-Federal Procurement Policy is to provide for the fair and equitable treatment of all persons or firms involved in purchasing and contracting with The Housing Authority of the City of Fort Pierce, Florida (FPHA); assure that quality supplies, services, and construction are procured efficiently, effectively, and at the most favorable prices available to FPHA; promote competition in contracting; provide safeguards for maintaining a procurement system of quality and integrity; and assure that FPHA purchasing actions are in full compliance with applicable Housing and Urban Development (HUD), Federal, and State of Florida standards.

This Non-Federal Procurement Policy complies with the Annual Contributions Contract (ACC) between FPHA and the HUD Federal Regulations at 2 CFR Part 200, the procurement standards of the Procurement Handbook for PHAs, HUD Handbook 7460.8, Rev 2, and applicable State and Local laws.

By approval of this Policy, the Board of Commissioners hereby appoints the Executive Director as Procurement/Contracting Officer for the Housing Authority.

While the Executive Director is responsible for ensuring that FPHA's procurements comply with this Policy, the Executive Director may delegate some or all procurement authority as is necessary and appropriate to conduct the business of FPHA.

Further, and in accordance with this delegation of authority, the Executive Director shall, where necessary, establish operational procedures (such as a Non-Federal Procurement Manual and/or Standard Operating Procedures) to implement this Policy.

The above language was taken from the HUD Procurement Handbook for Public Housing Agencies HUD Handbook 7460.8, Rev 2, with reference to Non-Federal and FPHA added.

For the purpose of this Policy, and all applicable FPHA Policies, the Contracting Officer is the Executive Director. The term designee may be rendered singularly or plurally as deemed in the best interest of the agency.

The term Contracting Officer shall be interpreted as Contracting Officer or designee.

The Contracting Officer will ascertain that the following are met:

1. The yearly procurements are adequately planned.
2. The procurement documents clearly specify the desired products, constructions, and services, as well as the methods of award.
3. The solicitation procedures are conducted in full compliance with the federal regulations (or state and local laws whichever are more stringent).

4. A firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder as stated in 2 CFR 200.320 (b) (1) (ii) (D), when sealed bidding is the method of procurement.
5. There are sufficient unencumbered funds for each procurement to defray the cost of contracts.

This Policy and any changes thereto shall be submitted to the Board for approval.

2. GENERAL PROVISIONS

FPHA shall provide for a procurement system of quality and integrity; ensure that supplies and services (including construction) are procured efficiently, effectively, and at the most favorable prices available to FPHA; promote competition in contracting; and assure that FPHA purchasing actions are in compliance with applicable Federal standards, HUD regulations, State, and local laws regarding non-federal entities.

Application. This Policy applies to all actions for the procurement of supplies, services, and construction entered into by FPHA after the effective date of this Policy when non-federal funding is utilized. It shall apply to every expenditure of non-federal funds by the FPHA and relates to all non-federal procurement actions of FPHA. Nothing in this Policy shall prevent FPHA from complying with the terms and conditions of any grant, contract, gift, or bequest that is otherwise consistent with the law. When both HUD and non-Federal grant funds are used for a project, the work to be accomplished with the funds should be separately identified prior to procurement so that appropriate requirements can be applied, if necessary. If it is not possible to separate the funds, HUD procurement regulations shall be applied to the total project. If funds and work can be separated and work can be completed by a new contract, then regulations applicable to the source of funding may be followed.

Definitions. Non-Federal funding includes income or grant based subsidies that are not received from the federal, state, or local government. Non-Federal funds can be derived from revenue generated from income producing properties, projects, business ventures, loans from non-government sources, or insurance payments. Non-Federal funds may also be derived from private grants, donations, or any other funds that are not subject to federal, state or local funding requirements.

The term “procurement”, as used in this Policy, includes the procuring, purchasing, leasing, or renting of:

1. goods, supplies, equipment, and materials,
2. construction and maintenance; consultant services,
3. Architectural & Engineering (A/E) services,
4. Social Services, and other services.

This Policy is subject to applicable Federal, State and Local requirements.

Changes in Laws and Regulations. In the event an applicable law or regulation is modified or eliminated, or a new law or regulation is adopted, the revised law or regulation shall, to the extent inconsistent with this Policies, automatically supersede the Policy.

Nothing in this Non-Federal Policy shall be interpreted to prohibit the FPHA from, in the FPHA's sole discretion, applying any portion of the FPHA's Procurement Policy toward any of the FPHA's Non-Federal procurements.

3. ETHICS IN PUBLIC CONTRACTING

Code of Conduct. The Board of Commissioners of FPHA established a mandatory Code of Ethics and Standards of Conduct. This code details the responsibilities and obligations of all employees and Commissioners as it pertains to Conflict of Interest and related penalties for such.

Gratuities, Kickbacks, and Use of Confidential Information. No officer, employee, Board member, or agent of FPHA shall ask for or accept gratuities, favors, or items of more than nominal value (i.e., an inexpensive hat with logo) from any contractor, potential contractor, or party to any subcontract, and shall not knowingly use confidential information for actual or anticipated personal gain.

Prohibition Against Contingent Fees. Contractors wanting to do business with FPHA must not hire a person to solicit or secure a contract for a commission, percentage, brokerage, or contingent fee, except for bona fide established commercial selling agencies.

Public Access to Procurement Information. Most procurement information that is not proprietary is a matter of public record and shall be available to the public to the extent provided in the Florida Freedom of Information Act.

4. PROCUREMENT PLANNING AND DOCUMENTATION

Planning is essential to managing the procurement function properly. Hence, FPHA will periodically review its record of prior purchases, as well as future needs, to:

1. Find patterns of procurement actions that could be performed more efficiently or economically;

2. Maximize competition and competitive pricing among contractors and decrease FPHA's procurement costs;

3. Reduce Agency administrative costs;

4. Ensure that supplies and services are obtained without any need for re-procurement (i.e., resolving bid protests); and

5. Minimize errors that occur when there is inadequate lead time.

Consideration shall be given to storage, security, and handling requirements when planning the most appropriate purchasing actions.

All procurement activities shall contain backup information which can include, but not limited to, one or more of the following: internal requisition forms, quotations, purchase orders, contracts, receipts, invoices, shipping forms, and the appropriate method of information for monetary settlement upon completion of the transaction. This information is necessary for internal and external procedural audits as well as fiscal accountability.

5. PROCUREMENT METHODS

Petty Cash Purchases:
Purchases will be handled through the use of a general petty cash account. For all petty cash accounts FPHA will ensure that all purchases are in compliance with Procurement Micro Purchase guidelines based on the limits set in the Accounting Policies, and security is maintained.

Credit (or Purchasing) Cards:
Credit card usage should follow the rules for Micro and Small Purchases. FPHA has reasonable safeguards to assure that they are used only for intended purposes. All credit card purchases must have the approval of the Contracting Officer.

Micro Purchases:
Purchases of materials, supplies and other routine items (including professional and construction services) not exceeding $3,500.00 may be purchased using the Micro Purchase procedure. All micro purchases must be properly documented. Only one quote is required provided the quote is considered reasonable.

1. To the greatest extent feasible, and to promote competition, small purchases should be distributed among qualified sources. Quotes may be obtained orally (either in person or by phone), by fax, in writing, or through e-procurement or any approved online procurement method. Award shall be made to the qualified vendor that provides the best value to the FPHA. If award is to be made for reasons other than lowest price, documentation shall be provided in the contract file.

2. The FPHA shall not break down requirements aggregating more than the Micro Purchase Threshold into several purchases that are less than the applicable threshold merely to: a) Permit use of the Micro Purchase procedures or, b) To avoid any requirements that applies to purchases that exceed the Micro Purchase threshold.

Small Purchase Procedures:
For any amounts above the micro purchase ceiling, but not exceeding *$150,000.00, FPHA may use small purchase procedures. Under small purchase procedures, FPHA shall seek a reasonable number of quotes (no less than three (3) with at least two (2) actual responses even if one (1) of the responses is "no quote"); to the greatest

extent feasible, and to promote competition, small purchases should be distributed among qualified sources. Quotations for Small Purchases (QSP) may be obtained orally (either in person or by phone), by fax, in writing, through e- Procurement, or any approved online procurement method. Award should be made to the responsive and responsible vendor that submits the lowest cost to FPHA. If award is to be made for reasons other than lowest price, documentation shall be provided in the contract file. FPHA shall not break down requirements aggregating more than the small purchase threshold into several purchases that are less than the applicable threshold merely to:

(1) permit use of the small purchase procedures or (2) avoid any requirements that applies to purchases that exceed the Micro Purchase threshold.

***Due to the current economic conditions and the difficulties in finding respondents due to the decreased workforce created by COVID-19, it is in the best interest of the agency to increase the small purchase threshold from $35,000.00 to $150,000.00. This change shall remain in effect until the agency with the approval of the Board deems it feasible to return to the State of Florida small purchase threshold.**

Sealed Bids:
Sealed bidding, also known as Invitation for Bid (IFB), shall be used for all contracts that exceed the small purchase threshold and that are not competitive proposals or non-competitive proposals, as these terms are defined in this Policy. Under sealed bids, FPHA publicly solicits bids and awards a firm fixed-price contract (lump sum or unit price) to the responsive and responsible bidder whose bid, conforming to all the material terms and conditions of the IFB, is the lowest in price. Sealed bidding is the preferred method for procuring construction, supply, and non-complex service contracts that are expected to exceed $150,000.00.

1. **Conditions for Using Sealed Bids.** FPHA shall use the sealed bid method if the following conditions are present: a complete, adequate, and realistic statement of work, specification, or purchase description is available; two (2) or more responsible bidders are willing and able to compete effectively for the work; the contract can be awarded based on a firm fixed price; and the selection of the successful bidder can be made principally on the lowest price.

2. **Solicitation and Receipt of Bids.** An IFB is issued and includes the specifications and all contractual terms and conditions applicable to the procurement, and a statement that award will be made to the lowest responsible and responsive bidder whose bid meets the requirements of the solicitation. The IFB must state the time and place for both receiving the bids and the public bid opening. All bids received will be date and time-stamped and stored unopened in a secure place until the public bid opening. A bidder may withdraw the bid at any time prior to the bid opening. Any amendments to the invitation shall be in writing in the form of an addendum, and if it is necessary to issue an amendment within five (5) days of the bid opening, the bid opening may be postponed at FPHA's sole discretion.

3. **Bid Opening and Award.** Bids shall be opened publicly. All bids received shall be recorded on an abstract (tabulation) of bids, which shall then be made available for public inspection. If equal low bids are received from responsible bidders, selection

shall be made by identifying which bid was submitted first based on time stamping. The method for doing this shall be stated in the IFB. If only one (1) responsive bid is received from a responsible bidder, award shall not be made unless the price can be determined to be reasonable, based on a cost or price analysis. Awards are made by the Board of Commissioners.

4. **Mistakes in Bids.** Correction or withdrawal of bids may be permitted, where appropriate, before bid opening by written or telegraphic notice received in the office designated in the IFB prior to the time set for bid opening. After bid opening, corrections in bids may be permitted only if the bidder can show by clear and convincing evidence that a mistake of a nonjudgmental character was made, the nature of the mistake, and the bid price actually intended. A low bidder alleging a nonjudgmental mistake may be permitted to withdraw its bid if the mistake is clearly evident on the face of the bid document, but the intended bid is unclear, or the bidder submits convincing evidence that a mistake was made. All decisions to allow corrections or withdrawal of a bid shall be supported by a written determination signed by the Contracting Officer. After bid opening, changes in bid prices or other provisions of bids prejudicial to the interest of FPHA or fair competition shall not be permitted.

Competitive Proposals:
Unlike sealed bidding, the competitive proposal method (also known as Request for Proposal (RFP)) permits, consideration of technical factors other than price, discussion with offerors concerning offers submitted, negotiation of contract price or estimated cost and other contract terms and conditions, revision of a proposal before the final contractor selection, and the withdrawal of an offer at any time up until the point of award. Award is normally made on the basis of the proposal that represents the best overall value to FPHA, considering price and other factors, e.g., technical expertise, past experience, quality of proposed staffing, etc., set forth in the solicitation and not solely the lowest price.

1. **Conditions for Use.** Where conditions are not appropriate for the use of sealed bidding, competitive proposals may be used. Competitive proposals are the preferred method for procuring professional services that will exceed the small purchase threshold. As detailed within Section 7.2.B of HUD Procurement Handbook 7460.8 REV 2, "Only under limited circumstances would construction services be procured by competitive proposals" accordingly, construction services will most typically be procured utilizing the sealed bid, IFB or small purchase procedures-QSP.

2. **Form of Solicitation.** Other than A/E services, developer-related services, and energy performance contracting, competitive proposals shall be solicited through the issuance of an RFP. The RFP shall clearly identify the importance and relative value of each of the evaluation factors as well as any subfactors and price. A mechanism for fairly and thoroughly evaluating the technical and price proposals shall be established before the solicitation is issued. Proposals shall be handled so as to prevent disclosure of the number of offerors, identity of the offerors, and the contents of their proposals until after award. FPHA may assign price a specific weight in the evaluation factors or FPHA may consider price in conjunction with technical factors; in either case, the method for evaluating price shall be

established in the RFP. During the initial evaluation process, only the Procurement Specialist or designee will have knowledge of price. Points for price will be provided to the evaluators by the Procurement Specialist or designee and added to each proposal after all other criteria has been evaluated.

3. **Evaluation.** The proposals shall be evaluated only on the factors stated in the RFP. Where not apparent from the evaluation factors, FPHA shall establish an Evaluation Plan for each RFP. Generally, all RFPs shall be evaluated by an appropriately appointed Evaluation Committee. The Evaluation Committee shall be required to disclose any potential conflict of interest and to sign a Non-Disclosure Statement. An Evaluation Report, summarizing the results of the evaluation, shall be prepared prior to award of a contract.

4. **Negotiations.** Negotiations shall be conducted with all offerors who submit a proposal determined to have a reasonable chance of being selected for award, unless it is determined that negotiations are not needed with any of the offerors. This determination is based on the relative score of the proposals as they are evaluated and rated in accordance with the technical and price factors specified in the RFP. These offerors shall be treated fairly and equally with respect to any opportunity for negotiation and revision of their proposals. No offeror shall be given any information about any other offeror's proposal, and no offeror shall be assisted in bringing its proposal up to the level of any other proposal. A common deadline shall be established for receipt of proposal revisions based on negotiations. Negotiations are exchanges (in either competitive or sole source environment) between FPHA and offerors that are undertaken with the intent of allowing the offeror to revise its proposal. These negotiations may include bargaining. Bargaining includes persuasion, alteration of assumptions and positions, give-and-take, and may apply to price, schedule, technical requirements, type of contract or other terms of a proposed contract. When negotiations are conducted in a competitive acquisition, they take place after establishment of the competitive range and are called discussions. Discussions are tailored to each offeror's proposal and shall be conducted by the Contracting Officer with each offeror within the competitive range. The primary object of discussions is to maximize FPHA's ability to obtain best value, based on the requirements and the evaluation factors set forth in the solicitation. The Contracting Officer shall indicate to, or discuss with, each offeror still being considered for award, significant weaknesses, deficiencies, and other aspects of its proposal (such as technical approach, past performance, and terms and conditions) that could, in the opinion of the Contracting Officer, be altered or explained to enhance materially the proposer's potential for award. The scope and extent of discussions are a matter of the Contracting Officer's judgment. The Contracting Officer may inform an offeror that its price is considered by FPHA to be too high, or too low, and reveal the results of the analysis supporting that conclusion. It is also permissible to indicate to all offerors the cost or price that FPHA's price analysis, market research, and other reviews have identified as reasonable. "Auctioning" (revealing an offeror's price in an attempt to get another offeror to lower their price) is prohibited.

5. **Award.** After evaluation of the revised proposals, if any, and submission to the Board of Commissioners for approval, the contract shall be awarded to the

responsible firm whose technical approach to the project, qualifications, price and/or any other factors considered, are most advantageous to FPHA provided that the price is within the maximum total project budgeted amount established for the specific property or activity.

6. **A/E Services.** FPHA must contract for A/E services using Qualifications-based Selection (QBS) procedures, utilizing a Request for Qualifications (RFQ). Sealed bidding shall not be used for A/E solicitations. Under QBS procedures, competitors' qualifications are evaluated, and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. Price is not used as a selection factor under this method. QBS procedures shall not be used to purchase other types of services, other than Energy Performance Contracting and Developer services, though A/E firms are potential sources.

Noncompetitive Proposals:

1. **Conditions for Use.** Procurement by noncompetitive proposals (sole- or single-source) once approved by HUD, may be used only when the award of a contract is not feasible using small purchase procedures, sealed bids, cooperative purchasing, or competitive proposals, and if any of the following applies:

    1. The item is available only from a single source, based on a good faith review of available sources;

    2. An emergency exists that seriously threatens the public health, welfare, or safety, or endangers property, or would otherwise cause serious injury to FPHA, as may arise by reason of a flood, earthquake, epidemic, riot, equipment failure, or similar event. In such cases, there must be an immediate and serious need for supplies, services, or construction such that the need cannot be met through any of the other procurement methods, and the emergency procurement shall be limited to those supplies, services, or construction necessary simply to meet the emergency;

    3. After soliciting a number of sources, competition is determined inadequate.

2. **Justification.** Each procurement based on noncompetitive proposals shall be supported by a written justification for the selection of this method. The justification shall be approved in writing by the responsible Contracting Officer. Poor planning or lack of planning is not justification for emergency or sole-source procurements. The justification, to be included in the procurement file, should include the following information:

    1. Description of the requirement;

    2. History of prior purchases and their nature (competitive vs. noncompetitive);

    3. The specific exception in 2 CFR §200.320(c) which applies;

    4. Statement as to the unique circumstances that require award by noncompetitive proposal;

5. Description of the efforts made to find competitive sources:

   (Agency website, e-Procurement, phone calls to Local suppliers, issuance of a written solicitation, etc.);

6. Statement as to efforts that will be taken in the future to promote competition for the requirement;

7. Signature by the Contracting Officer; and

8. Price Reasonableness. The reasonableness of the price for all procurements based on noncompetitive proposals shall be determined by performing an analysis, as described in this Policy.

Cooperative Purchasing/Intergovernmental Agreements:
FPHA may enter into State and/or Local cooperative or intergovernmental agreements to purchase or use common supplies, equipment, or services. The decision to use an interagency agreement instead of conducting a direct procurement shall be based on economy and efficiency. FPHA may use Federal or State excess and surplus property instead of purchasing new equipment and property if feasible and if it will result in a reduction of project costs. The goods and services obtained under a cooperative purchasing agreement must have been procured in accordance with 2 CFR §200.318-§200.327.

6. INDEPENDENT COST ESTIMATE (ICE)

General. For all purchases above the Small Purchase threshold, FPHA shall prepare an ICE prior to solicitation. The level of detail shall be commensurate with the cost and complexity of the item to be purchased.

7. COST AND PRICE ANALYSIS (CPA)

General. FPHA shall require assurance that, before entering into a contract, the price is reasonable, in accordance with the following instructions. Software to be used to create a cost analysis shall be one that has numerous individual cost items from which to create cost estimates.

Petty Cash and Micro Purchases. No formal cost or price analysis is required. The Purchase Order (PO) or other purchase means shall serve as the determination that the price obtained is reasonable.

Small Purchases. A comparison with other offers shall generally be sufficient determination of the reasonableness of price and no further analysis is required. If a reasonable number of quotes are not obtained to establish reasonableness through price competition, the Contracting Officer shall document price reasonableness through other means, such as prior purchases of this nature, catalog prices, the Contracting Officer's personal knowledge at the time of purchase, or any other reasonable basis.

Sealed Bids. The presence of adequate competition should generally be sufficient to establish price reasonableness. Where sufficient bids are not received, and when the bid received is substantially more than the ICE, and where FPHA cannot reasonably determine price reasonableness, FPHA must conduct a cost analysis, consistent with Federal guidelines, to ensure that the price paid is reasonable. Any bid above or below 20% of the ICE may be determined not reasonable.

Competitive Proposals. The presence of adequate competition should generally be sufficient to establish price reasonableness. Where sufficient proposals are not received, FPHA must compare the price with the ICE. For competitive proposals where prices cannot be easily compared among offerors, where there is not adequate competition, or where the price is substantially greater than the ICE, FPHA must conduct a cost analysis, consistent with Federal guidelines, to ensure that the price paid is reasonable.

Contract Modifications. A cost analysis, consistent with Federal guidelines, shall be conducted for all contract modifications for projects that were procured through Sealed Bids, Competitive Proposals, or Non-Competitive Proposals, or for projects originally procured through small purchase procedures.

8. SOLICITATION AND ADVERTISING

Method of Solicitation.

Petty Cash and Micro Purchases. FPHA may contact only one (1) source if the price is considered reasonable.

Small Purchases. Quotes may be solicited orally and documented, through fax, e-Procurement, or by any other reasonable method.

Sealed Bids and Competitive Proposals. Solicitation must be done publicly. FPHA must use one (1) or more of the following solicitation methods, provided that the method employed provides for meaningful competition:

1. Advertising on FPHA website, in local newspapers or other print mediums of Local or general circulations.

2. Advertising in various trade journals or publications (for construction).

3. e-Procurement. FPHA may conduct its public Non-Federal procurements through the Internet using e-Procurement systems. However, all e-Procurements must otherwise be in compliance with 2 CFR §200.318-§200.327, State and Local requirements, and FPHA's Non-Federal Procurement Policy.

Time Frame. For purchases of more than $150,000.00, the public notice should run not less than once each week for two (2) consecutive weeks.

Form. Notices/advertisements should state, at a minimum, the place, date, and time that the bids or proposals are due, the solicitation number, a contact that can provide a copy of, and information about, the solicitation, and a brief description of the needed item(s), renewal options if applicable, and bonding requirements.

Time Period for Submission of Bids. Bid will be a minimum of twenty-one (21) days, but generally thirty (30) days shall be provided for preparation and submission of sealed bids and fifteen (15) days for competitive proposals. However, the Contracting Officer may allow for a shorter or longer period under extraordinary circumstances.

Cancellation of Solicitations.

An IFB, RFP, or other solicitation may be cancelled before bids/offers are due if:

1. The supplies, services or construction is no longer required;

2. The funds are no longer available;

3. Proposed amendments to the solicitation are of such magnitude that a new solicitation would be best; or

4. Other similar reasons.

A solicitation may be cancelled and all bids or proposals that have already been received may be rejected if:

1. The supplies or services (including construction) are no longer required;

2. Ambiguous or otherwise inadequate specifications were part of the solicitation;

3. All factors of significance to FPHA were not considered;

4. Prices exceed available funds, and it would not be appropriate to adjust quantities to come within available funds;

5. There is reason to believe that bids or proposals may not have been independently determined in open competition, may have been collusive, or may have been submitted in bad faith; or

6. For good cause of a similar nature when it is in the best interest of FPHA.

The reasons for cancellation shall be documented in the procurement file and the reasons for cancellation and/or rejection shall be provided upon request.

A notice of cancellation shall be sent to all bidders/offerors solicited and, if appropriate, shall explain that they will be given an opportunity to compete on any re-solicitation or future procurement of similar items.

If all otherwise acceptable bids received in response to an IFB are at unreasonable prices an analysis should be conducted to see if there is a problem in either the specifications or FPHA's cost estimate. If both are determined adequate and if only one (1) bid is received and the price is unreasonable, the Contracting Officer may cancel the solicitation and either:

1. Re-solicit using an RFP; or

2. Complete the procurement by using the competitive proposal method. The Contracting Officer must determine, in writing, that such action is appropriate, must inform all bidders of FPHA's intent to negotiate, and must give each bidder a reasonable opportunity to negotiate.

If problems are found with the specifications, FPHA should cancel the solicitation, revise the specifications, and re-solicit using an IFB.

9. BONDING REQUIREMENTS

General. The standards under this section apply to construction contracts that exceed $150,000.00. There are no bonding requirements for small purchases or for competitive proposals. FPHA may require bonds in these latter circumstances when deemed appropriate; however, non-construction contracts should generally not require bid bonds.

Bid Bonds. For construction contracts exceeding $150,000.00, offerors shall be required to submit a bid guarantee from each bidder equivalent to 5% of the bid price. This bid guarantee must be in the form of a bid bond, provided by a company listed in the U. S. Treasury Circular Number 570 and authorized to do business in the State of Florida, or a cashier's check made payable to FPHA.

Payment Bonds. For construction contracts exceeding $150,000.00, the successful bidder shall furnish an assurance of completion. This assurance may be either of the following:

1. A performance and payment bond in a penal sum of 100% of the contract price; or

2. Separate performance and payment bonds, each for 50% or more of the contract price; or

Section 3/Minority Businesses may petition to use a 20% cash escrow or 25% irrevocable line of credit. These will be decided by FPHA on a case-by-case basis.

These bonds must be obtained from guarantee or surety companies acceptable to the U.S. Government and authorized to do business in the State of Florida. Individual sureties shall not be considered. U.S. Treasury Circular Number 570 lists companies approved to act as sureties on bonds securing Government contracts, the maximum underwriting limits on each contract bonded, and the States in which the company is licensed to do business. Use of companies on this circular is mandatory.

10. CONTRACTOR QUALIFICATIONS AND DUTIES

Contractor Responsibility. FPHA shall not award any contract until the prospective contractor, i.e., low responsive bidder, or successful offeror, has been determined to be responsible. A responsible bidder/offeror must:

1. Have adequate financial resources to perform the contract, or the ability to obtain them;

2. Be able to comply with the required or proposed delivery or performance schedule, taking into consideration all of the bidder's/offeror's existing commercial and governmental business commitments;

3. Have a satisfactory performance record;

4. Have a satisfactory record of integrity and business ethics;

5. Have the necessary organization, experience, accounting and operational controls, and technical skills, or the ability to obtain them;

6. Have the necessary production, construction, and technical equipment and facilities, or the ability to obtain them; and,

7. Be otherwise qualified and eligible to receive an award under applicable laws and regulations, including not be suspended, debarred or under a HUD imposed Limited Denial of Participation (LDP).

If a prospective contractor is found to be non-responsible, a written determination of non-responsibility shall be prepared and included in the official contract file, and the prospective contractor shall be advised of the reasons for the determination.

Suspension and Debarment. Contracts shall not be awarded to debarred, suspended, or ineligible contractors. Contractors may be suspended, debarred, or determined to be ineligible by HUD in accordance with HUD regulations (2 CFR §200.317-§200.326) or by other Federal agencies, e.g., Department of Labor (DOL) for violation of labor regulations, when necessary to protect housing authorities in their business dealings. Prior to issuance of a contract, Agency staff shall, as detailed within Section 10.2.H.1 and 10.2.H.2 of HUD Procurement Handbook 7460.8 REV 2, conduct the required searches within the HUD LDP system and the U.S. General Services Administration System for Award Management (SAM) and place within the applicable contract file the results of each such search.

Vendor Lists. All interested businesses shall be given the opportunity to be included on vendor lists. Any lists of persons, firms, or products which are used in the purchase of supplies and services (including construction) shall include enough sources to ensure competition.

11. CONTRACT PRICING ARRANGEMENTS

Contract Types. Any type of contract which is appropriate to the procurement, and which will promote the best interests of FPHA may be used, provided the cost-plus-a-percentage-of-cost and percentage-of-construction-cost methods are not used. For all cost reimbursement contracts, FPHA must include a written determination as to why no other contract type is suitable. Further, the contract must include a ceiling price that the contractor exceeds at its own risk.

Options. Options for additional quantities or performance periods may be included in contracts, provided that:

1. The option is contained in the solicitation;

2. The option is a unilateral right of FPHA;

3. The contract states a limit on the additional quantities and the overall term of the contract;

4. The options are evaluated as part of the initial competition;

5. The contract states the period within which the options may be exercised;

6. The options may be exercised only at the price specified in or reasonably determinable from the contract; and

7. The options may be exercised only if determined to be more advantageous to FPHA than conducting a new procurement.

12. CONTRACT CLAUSES

Contract Pricing Arrangements. All contracts shall identify the contract pricing arrangement as well as other pertinent terms and conditions, as determined by FPHA.

Required Forms. Additionally, the forms which contain all HUD-required clauses and certifications for contracts shall be used, as applicable, in all corresponding solicitations and contracts issued by FPHA.

Required Contract Clauses. FPHA shall ensure that each contract executed by FPHA contains the required contract clauses detailed within 2 CFR §200.326 and Appendix II.

13. CONTRACT ADMINISTRATION

General. FPHA shall maintain a system of contract administration designed to ensure that contractors perform in accordance with their contracts. These systems shall provide for inspection of supplies, services, or construction, as well as monitoring contractor performance, status reporting on major projects including construction contracts, and similar matters. For cost-reimbursement contracts, costs are allowable only to the extent that they are consistent with the cost principles in HUD Handbook 2210.18.

14. SPECIFICATIONS

General. All specifications shall be drafted so as to promote overall economy for the purpose intended and to encourage competition in satisfying FPHA's needs. Specifications shall be reviewed prior to issuing any solicitation to ensure that they are not unduly restrictive or represent unnecessary or duplicative items. Function or performance specifications are preferred. Detailed product specifications shall be avoided whenever possible. Consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. For equipment purchases, a lease versus purchase analysis should be performed to determine the most economical form of procurement.

Limitation. The following types of specifications shall be avoided:

1. Geographic restrictions not mandated or encouraged by applicable Federal law (except for A/E contracts, which may include geographic location as a selection factor if adequate competition is available);

2. Brand name specifications (unless the specifications list the minimum essential characteristics and standards to which the item must conform to satisfy its intended use).

3. Nothing in this Policy shall preempt any State licensing laws. Specifications shall be reviewed to ensure that organizational conflicts of interest do not occur.

15. APPEALS AND REMEDIES

General. It is Agency policy to resolve all contractual issues informally and without litigation. Disputes will not be referred to HUD unless all administrative remedies have been exhausted. When appropriate, a mediator may be used to help resolve differences.

Informal Appeals Procedure. For contracts of $150,000.00, the bidder/contractor may request to meet with the appropriate Contracting Officer after submitting concerns/issues with the award of the contracts.

Formal Appeals Procedure. Formal appeals procedures are established for solicitations/contracts of more than $150,000.00 under the correlating governing HUD documents such as: 5370, 5370EZ, and 5370C.

Bid Protest. Any actual or prospective contractor may protest the solicitation or award of a contract for serious violations of the principles of this Policy. Any protest against a solicitation must be received before the due date for the receipt of bids or proposals, and any protest against the award of a contract must be received within ten (10) calendar days after the notice of the contract award, or the protest will not be considered. All bid protests shall be in writing, submitted to the Contracting Officer, who shall issue a written decision on the matter. The Contracting Officer, at his/her discretion, may suspend the procurement pending resolution of the protest if the facts presented so warrant.

Contractor Claims. All claims by a contractor relating to performance of a contract shall be submitted in writing to the Contracting Officer for a written decision. The contractor may request a conference on the claim. The Contracting Officer's decision shall inform the contractor of its appeal rights to the next higher level of authority in Agency. Contractor claims shall be governed by the Changes Clause in the relevant form HUD-5370.

16. ASSISTANCE TO SMALL AND OTHER BUSINESSES

Required Efforts. Consistent with Presidential Executive Orders 11625, 12138, and 12432, and Section 3 of the HUD Act of 1968, all feasible efforts shall be made to ensure that small and minority-owned businesses, women's business enterprises, and other individuals or firms located in or owned in substantial part by persons residing in the area of the FPHA project are used when possible. Such efforts shall include, but shall not be limited to:

1. Including such firms, when qualified, on solicitation mailing lists;
2. Encouraging their participation through direct solicitation of bids or proposals whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by such firms;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by such firms;
5. Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce;
6. Including in contracts, to the greatest extent feasible, a clause requiring contractors, to provide opportunities for training and employment for lower income residents of the project area and to award subcontracts for work in connection with the project to business concerns which provide opportunities to low-income residents, as described in 24 CFR §135; and
7. Requiring prime contractors, when subcontracting is anticipated, to take the positive steps listed above. 2 CFR §200.321

Goals. Shall be established periodically for participation by small businesses, minority-owned businesses, women-owned business enterprises, labor surplus area businesses, and Section 3 business concerns in Agency prime contracts and subcontracting opportunities.

Definitions. A small business is defined as a business that is:

1. Independently owned; not dominant in its field of operation; and not an affiliate or subsidiary of a business dominant in its field of operation. The size standards in 13 CFR §121 should be used to determine business size.

2. A minority-owned business is defined as a business which is at least 51% owned by one (1) or more minority group members; or, in the case of a publicly owned business, at least 51% of its voting stock is owned by one (1) or more minority group members, and whose management and daily business operations are controlled by one (1) or more such individuals. Minority group members include, but are not limited to Black Americans, Hispanic Americans, Native Americans, Asian Pacific Americans, Asian Indian Americans, and Hasidic Jewish Americans.

3. A women's business enterprise is defined as a business that is at least 51% owned by a woman or women who are U.S. citizens and who control and operate the business.

4. A "Section 3 business concern" is as defined under 24 CFR §135.

5. A labor surplus area business is defined as a business which, together with its immediate subcontractors, will incur more than 50% of the cost of performing the contract in an area of concentrated unemployment or underemployment, as defined by the DOL in 20 CFR §654, Subpart A, and in the list of labor surplus areas published by the Employment and Training Administration.

17. BOARD APPROVAL OF NON-FEDERAL PROCUREMENT ACTIONS

Authority. The Board appoints and delegates procurement authority to the Executive Director, as Contracting Officer in the amount not to exceed $150,000.00 and is responsible for ensuring that any non-federal procurement policies and procedures adopted are appropriate for FPHA. All non-federal procurements that exceed $150,000.00 must have approval from the Board prior to award and/or contract execution. However, any procurement $50,000.00 but less than $150,000.00 will be disclosed to the Board at the next official board meeting.

18. DELEGATION OF CONTRACTING AUTHORITY

Delegation. While the Executive Director is the Contracting Officer and is responsible for ensuring that FPHA's procurements comply with this Policy, the Contracting Officer may delegate, in writing, all procurement authority as is necessary and appropriate to conduct the business of FPHA.

Procedures. Further, and in accordance with this delegation of authority, the Contracting Officer shall ensure, where necessary, the establishment of operational procedures (such as a Non-Federal Procurement Manual and/or Standard Operating Procedures) to implement this Policy. The Contracting Officer shall also ensure, where necessary, the establishment of a system of sanctions for violations of the ethical standards described in

Section 3.0 herein, consistent with Federal, State, or Local laws.

19. DOCUMENTATION

Required Records. FPHA must maintain records sufficient to detail the significant history of each procurement action. These records shall include, but shall not necessarily be limited to, the following:

1. Rationale for the method of procurement (if not self-evident);
2. Rationale of contract pricing arrangement (also if not self-evident);
3. Reason for accepting or rejecting the bids or offers;
4. Basis for the contract price (as prescribed in this Policy);
5. A copy of the contract documents awarded or issued and signed by the Contracting Officer unless done by electronic method such as POs;
6. Basis for contract modifications; and
7. Related contract administration actions.

Level of Documentation. The level of documentation should be commensurate with the value of the procurement.

Record Retention. Records are to be retained for a minimum period of three (3) years (and in compliance with all program record retention policies) after final payment, and all matters pertaining to the contract are closed.

20. DISPOSITION OF SURPLUS PROPERTY

General. Personal property shall not be sold or exchanged for less than its fair value. Personal property shall not be destroyed, abandoned, or donated without prior approval from the Board of Commissioners. The Contracting Officer shall make every effort to dispose of excess personal property as outlined below. However, if the property has no value and a purchaser cannot be found, a statement shall be prepared by the Contracting Officer as to the disposition of the property.

Sales of excess personal property shall be made in the following manner:

1. If the estimated sales value of the personal property offered for sale is less than $500.00, it may be retained, sold, donated, or otherwise disposed of with no further obligation to FPHA.
2. For sales value from $500.00 to $5,000.00, upon approval of the Board of Commissioners, the Contracting Officer shall solicit informal bids orally by telephone or in writing from all known perspective purchasers and a tabulation of all such bids received shall be prepared and retained as part of the permanent record. The sale

shall be documented by an appropriate bill of sale.

3. For sales value of $5,000.00 or more, the award of such property shall be made only after advertising for bids. Such advertising shall be at least fifteen (15) days prior to award of the sale contract and shall be by advertisement in newspapers or circular letters to all prospective purchasers. In addition, notices shall be posted in public places. Bids shall be opened publicly at the time and place specified in the advertisement. A tabulation of all bids received shall be prepared and filed with the contract as a part of the permanent record. The award shall be made to the highest bidder as related to price.

4. The sale of personal property to a public body for public use may be negotiated at its fair value and is subject to prior approval of the Executive Director. The transfer shall be documented by an appropriate bill of sale.

5. In the case of a vehicle, the property may be used as a “trade-in” in order to obtain the purchase of another vehicle of greater value regardless of the sales value.

No FPHA or the Housing Authority of the City of Stuart, Florida (SHA) employees will be permitted to purchase any FPHA property proposed for disposition.

21. FUNDING AVAILABILITY

General. Before initiating any contract, FPHA shall ensure sufficient funds available to cover the anticipated cost of the contract or modifications. The funding source must be determined prior to solicitation and included in the contract file.

22. CERTIFICATION

FPHA self-certifies that this Non-Federal Procurement Policy, and the FPHA's procurement system, complies with all applicable Federal regulations and, as such, the FPHA is exempt from prior HUD review and approval of individual procurement action.

THE HOUSING AUTHORITY OF THE CITY OF FORT PIERCE, FLORIDA
REVISED COVID-19 VACCINATION POLICY

1. Introduction

In light of the ongoing COVID-19 pandemic, and as part of our continued efforts to maintain a safe workplace for employees, residents, visitors, and vendors, The Housing Authority of the City of Fort Pierce, Florida (FPHA) is strongly encouraging all employees to receive an FDA authorized and/or approved COVID-19 vaccination. If you do not elect to get vaccinated, you will be required to undergo bi-weekly COVID-19 testing, as a condition of continued employment. FPHA fully intends this Policy to comply with all applicable federal, state, and local law. FPHA is monitoring guidance from all applicable public health authorities and may modify this Policy as we determine to be necessary or appropriate. It is recommended that employees consult with their healthcare provider regarding whether to obtain a COVID-19 vaccination. The decision to be vaccinated, and which vaccine to receive, is a choice that employees should make in consultation with their healthcare provider after reviewing all of the available information.

2. Time Frame for Receiving Vaccination

FPHA strongly encourages all employees to obtain COVID-19 vaccinations (fully vaccinated) by **February 17, 2022**. Employees may contact the HR/Internal Compliance Manager to receive additional information about the availability of the vaccinations for individuals in their community.

Any employees hired on or after **February 17, 2022**, will have seventy-two (72) days from the date of hire to provide proof of vaccination. If you do not elect to provide proof, you will be considered unvaccinated and will be required to undergo bi-weekly COVID-19 testing.

3. Incentive for Receiving COVID-19 Vaccination

Any FPHA employee that receives all required doses of an FDA authorized and/or approved COVID-19 vaccination will be entitled to receive a $50.00 gift card. The employee must present proof of full vaccination to the HR/Internal Compliance Manager by **February 17, 2022**, in order to receive this incentive.

Any employee hired on or after **February 17, 2022**, will have seventy-two (72) days from the date of hire to provide proof of receiving all required doses of an FDA authorized and/or approved COVID-19 vaccination to be entitled to a $50.00 gift card.

4. Notice of Scheduled Vaccination

According to the CDC, individuals may experience mild reactions to vaccinations that may cause individuals to feel ill the day after the vaccination. Therefore, we are attempting to plan for potential absences following vaccinations. Employees will be able to take paid (sick) days off for absences related to mild reactions where they feel ill the day after the vaccination. As soon as the employees schedule a vaccination, please report the date of your vaccination to the HR/Internal Compliance Manager. To avoid staffing shortfalls, we may explore the possibility of scheduling you to take off the day(s) immediately following your vaccination(s).

5. Requested Documentation – Employees Vaccinated Prior to Mandate

After an employee obtains the vaccination, the employee is requested to provide documentation reflecting receipt of the vaccination to the HR/Internal Compliance Manager. This information will be kept confidential and in a separate medical file. Any employee who does not provide proof will be considered unvaccinated and will be subject to mandatory bi-weekly testing.

6. Requests for Accommodations or Exemptions

FPHA will consider requests to be excused from this Policy, concerning vaccinations, whenever necessary, to comply with legal requirements, however, mask wearing will remain mandatory. FPHA will consider any requests for accommodation on an individual basis in accordance with applicable legal requirements for the following:

- Disability;
- Sincerely held religious beliefs, practices, or observations;
- Medical reasons;
- Pregnancy or anticipated pregnancy; and
- COVID-19 immunity.

7. Consequences for Noncompliance

Employees without proof of full vaccination or a valid request for accommodation or exemption by **February 17, 2022**, will be considered as unvaccinated. Unvaccinated employees may be permitted to continue to work as long as they provide bi-weekly COVID-19 negative test results. When submitting the COVID-19 test results, it **MUST** contain the employee's full legal name and the date of the test, which needs to be dated within 48 hours of the submission to the HR/Internal Compliance Manager. Employees that do not provide bi-weekly COVID-19 test results will be placed on unpaid leave until the employee provides the COVID-19 test results. If the employee remains non-compliant for seven (7) days or more, it will result in disciplinary action include, **but not limited** to termination of employment.

For all unvaccinated employees the first COVID-19 test result will need to be provided to the HR/Internal Compliance Manager by **February 21, 2022**. Thereafter, all COVID-19 test results will need to be provided to the HR/Internal Compliance Manager, every **fourteen (14) days** until further notice.

Employees hired on or after **February 17, 2022**, who are unvaccinated will need to provide COVID-19 test results to the HR/Internal Compliance Manager on the seventy-third (73) day of employment and every fourteen (14) days thereafter until further notice.

8. Cost of COVID-19 Vaccinations and Testing Kits

The cost of COVID-19 vaccinations are fully covered under all FPHA Medical Plans (Florida Blue) at this time. If an employee is not covered under a FPHA Medical Plan, before receiving the COVID-19 vaccination, please contact the HR/Internal Compliance Manager for seeking reimbursement for, or funding of, vaccination costs.

COVID-19 Test Kits will be purchased and paid for by FPHA and will be available for distribution by Human Resources/Internal Compliance Manager beginning, **Friday, February 18, 2022**.

9. Exposure to COVID-19

Employees who have had direct contact with a person that has been diagnosed with COVID-19 (meaning less than six (6) feet away with a person for twenty (20) minutes or more).

a. Employees must notify the HR/Internal Compliance Manager, who will notify the Executive Director.

b. If symptoms develop (according to CDC guidelines), COVID-19 testing should be done and employee will need to self-quarantine pending results.

c. Unvaccinated employees who get exposed to COVID-19 are advised to stay home for at least a full five (5) days.

d. For fully vaccinated employees quarantine is not mandatory even if you are exposed to COVID-19. You should keep watching yourself for any symptoms related to the virus, and if you develop any symptoms, you should quarantine yourself for at least five (5) days.

If Employee tests positive:

a. Must remain self-isolated (quarantined) at home for a minimum of five (5) days. Day one (1) begins the day you present with a positive test result.

b. May return to work after five (5) full days without symptoms. However, you will be required to wear a mask at all times for ten (10) days after your return to work, this applies to both vaccinated and unvaccinated employees.

c. Adhere to hygiene, respiratory, cough etiquette and social distancing practices.

d. Self-monitor for symptoms and seek evaluation from employee's primary care physician and/or employee health if respiratory symptoms worsen.

e. Time off will be counted as regular sick leave.

10. <u>Questions</u>

If you have any questions regarding this Policy, please contact the HR/Internal Compliance Manager.

REVISED COVID-19 VACCINATION POLICY

I confirm that I have received, read, and understand the “Revised COVID-19 Vaccination Policy” for employees of The Housing Authority of the City of Fort Pierce, Florida.

I further understand that if I have questions about this Policy, it is my responsibility to seek clarification from the HR/Internal Compliance Manager.

EMERGENCY HOUSING VOUCHERS (EHVs)

INTRODUCTION

On March 11, 2021, President Biden signed the American Rescue Plan Act of 2021 (ARP) (P.L. 117-2). Section 3202 of the ARP appropriated $5 billion for the creation, administration, and renewal of new incremental EHVs and other eligible expenses related to COVID-19.

On May 5, 2021, HUD issued Notice PIH 2021-15, which described HUD's process for allocating approximately 70,000 EHVs to eligible Housing Choice Voucher (HCV) Agencies and set forth the operating requirements for HCV Agencies who administer them. Based on criteria outlined in the notice, HUD notified eligible HCV Agencies of the number of EHVs allocated to their Agency, and HCV Agencies were able to accept or decline the invitation to participate in the program.

HCV Agencies may not project-base EHVs; EHVs are exclusively tenant-based assistance.

All applicable nondiscrimination and equal opportunity requirements apply to the EHV program, including requirements that the HCV program grant reasonable accommodations to persons with disabilities, effectively communicate with persons with disabilities, and ensure meaningful access for persons with limited English proficiency (LEP).

PROGRAM OVERVIEW [Notice PIH 2021-15]

The Emergency Housing Vouchers (EHV), announced in 2021, are to assist individuals and families who are:

1. Experiencing homelessness;
2. At risk of experiencing homelessness;
3. Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking;
4. Recently homeless and for whom providing rental assistance will prevent the family's homelessness or having high risk of housing instability.

The EHV initiative requires FPHA to work with community partners to determine the best use and targeting for the vouchers along with other resources available in the community. The program is designed to promote community wide commitment to the goal of ending homelessness; provide funding for efforts by nonprofit providers, State, and local governments to quickly rehouse homeless individuals (including unaccompanied youth) and families, while minimizing the trauma and dislocation caused to homeless individuals families, and communities by homelessness; promote access to and effective utilization of mainstream programs by homeless individuals and families; and optimize self-sufficiency among individuals and families experiencing homelessness.

The minimum allocation size was 25 vouchers; however, FPHA's initial award was 35 vouchers.

This chapter describes the U.S. Department of Housing & Urban Development (HUD) regulations and HCV program policies for administering EHVs. The policies outlined in this chapter are organized into six (6) sections, as follows:

<u>Part I: Funding</u>

<u>Part II: Partnering Agencies</u>

<u>Part III: Waiting List Management</u>

<u>Part IV: Family Eligibility</u>

<u>Part V: Housing Search and Leasing</u>

<u>Part VI: Use of Funds, Reporting, and Financial Records</u>

Except as addressed by this chapter and as required under federal statute and HUD requirements, the general requirements of the HCV program apply to EHVs.

PART I: FUNDING

TPS-I.A. FUNDING OVERVIEW

The American Rescue Plan Act of 2021 (ARP) provides administrative fees and funding for the costs of administering EHVs and other eligible expenses defined in Notice PIH 2021-15. These fees may only be used for EHV administration and other eligible expenses and must not be used for or applied to other FPHA programs or vouchers. The FPHA must maintain separate financial records from its regular HCV funding for all EHV funding.

Housing Assistance Payments (HAP) Funding

ARP funding obligated to the FPHA as housing assistance payments (HAP) funding may only be used for eligible EHV HAP expenses (i.e., rental assistance payments). EHV HAP funding may not be used for EHV administrative expenses or for the eligible uses under the EHV services fee.

The initial funding term will expire December 31, 2022. HUD will provide renewal funding to the Public Housing Agency's (PHA's) for the EHVs on a calendar year (CY) basis commencing with CY 2023. The renewal funding allocation will be based on the actual EHV HAP costs in leasing, similar to the renewal process for the regular HCV program. EHV renewal funding is not part of the annual HCV renewal funding formula; EHVs are renewed separately from the regular HCV program. All renewal funding for the duration of the EHV program has been appropriated as part of the ARP funding.

Administrative Fee and Funding

The following four types of fees and funding are allocated as part of the EHV program:

- **Preliminary fees** support immediate start-up costs that the FPHA will incur in implementing alternative requirements under EHV, such as outreach and coordination with partnering agencies:
  - $400 per EHV allocated to the FPHA, once the consolidated annual contributions contract (CACC) is amended.
  - This fee may be used for any eligible administrative expenses related to EHVs.
  - The fee may also be used to pay for any eligible activities under EHV service fees (TPS-I.B).

- **Placement fees/expedited issuance reporting fees** will support initial lease-up costs and the added cost and effort required to expedite leasing of EHVs:
  - $100 for each EHV initially leased, if the PHA reports the voucher issuance date in Public Housing Information Center–Next Generation (PIC–NG) system within 14 days of voucher issuance or the date the system becomes available for reporting or as further defined by HUD.
  - Placement fees:
    - $500 for each EHV family placed under a HAP contract effective within four (4) months of the effective date of the CACC funding increment; or
    - $250 for each EHV family placed under a HAP contract effective after four (4) months but less than six (6) months after the effective date of the CACC funding increment.
    - HUD will determine placement fees in the event of multiple EHV allocations and funding increment effective dates.
  - Placement/expedited issuance fees only apply to the initial leasing of the voucher; they are not paid for family moves or to turnover vouchers.
- **Ongoing administrative fees**, which are calculated in the same way as the standard HCV program:
  - PHA's are allocated administrative fees using the full column A administrative fee amount for each EHV under contract as of the first day of each month.
  - Ongoing EHV administrative fees may be subject to proration in future years, based on available EHV funding.
- **Services fees**, which are a one-time fee to support PHA's efforts to implement and operate an effective EHV services program in its jurisdiction (TPS-I.B):
  - The fee is allocated once the PHA's CACC is amended to reflect EHV funding.
  - The amount allocated is $3,500 for each EHV allocated.

TPS-I.B. SERVICE FEES

Services fee funding must be initially used for defined eligible uses and not for other administrative expenses of operating the EHV program. Service fees fall into four (4) categories:

- Housing search assistance
- Security deposit/utility deposit/rental application/holding fee uses
- Owner-related uses
- Other eligible uses such as moving expenses or tenant-readiness services

The PHA must establish the eligible uses and the parameters and requirements for service fees in the PHA administrative plan.

<u>FPHA Policy</u>

Generally, the allocation for each participant will not exceed $3,500. However, depending on the needs of individual participants and if funds are available, the service fee dollar amount could go above this amount on a limited basis. This would be approved on a case-by-case basis, not to exceed $5,000 for any given EHV participant.

The eligible uses for service fees include the following and will be paid subject to funding availability:

Housing search assistance, which may include activities such as, but not limited to, helping a family identify and visit potentially available units during their housing search, helping to find a unit that meets the household’s disability-related needs, providing transportation and directions, assisting with the completion of rental applications and FPHA forms, and helping to expedite the EHV leasing process.

Application fees/non-refundable administrative or processing fees/refundable application deposit assistance. The FPHA may choose to assist the family with some or all these expenses.

Security deposit assistance. The amount of the security deposit assistance may not exceed the lesser of two (2) months’ rent to owner, the maximum security deposit allowed under applicable state and/or local law, or the actual security deposit required by the owner. Security deposit assistance will be for initial move-ins and paid directly to the owner on behalf of the family when other resources cannot. The FPHA will not provide security deposit assistance for subsequent moves unless the family is required to move for reasons other than something the family did or failed to do. The owner refunds the security deposit balance, after deducting any amounts for repairs, to FPHA when the client vacates the unit in accordance with the terms of the lease.

Utility deposit assistance/utility arrears. The FPHA may provide utility deposit assistance for some or all of the family's utility deposit expenses. Assistance can be provided for deposits (including connection fees) required for the utilities to be supplied by the tenant under the lease. The FPHA may pay the utility deposit assistance directly to the utility company or may pay the assistance to the family. If paid to the family, they will require documentation the family paid the utility deposit. The FPHA will not require the utility supplier or family to return the utility deposit assistance to the FPHA. In addition, some families may have large balances with gas, electric, water, sewer, or trash companies that will make it difficult if not impossible to establish services for tenant-supplied utilities. The FPHA may also provide the family with assistance to help address these utility arrears to facilitate leasing when other resources cannot.

Owner recruitment and outreach for EHVs. The FPHA may use the service fee funding to conduct owner recruitment and outreach specifically for EHVs. In addition to traditional owner recruitment and outreach, activities may include conducting pre-inspections or otherwise expediting the inspection process, providing enhanced customer service, and offering owner incentive and/or retention payments.

Owner retention payments. The FPHA may make retention payments to owners that agree to renew the lease of an EHV family.

Payments will be made as a single payment at the beginning of the lease renewal upon receipt of a new 12-month lease. Owner retention payments are not housing assistance payments, are not part of the rent to owner, and are not taken into consideration when determining whether the rent for the unit is reasonable. Retention payments will equal $500 per lease renewal. Retention payments are only paid at renewal of the first lease term and owners are not eligible for a second retention payment.

Moving expenses (including move-in fees and deposits). The FPHA may provide assistance for some or all of the family's reasonable moving expenses when they initially lease a unit with the EHV. The FPHA will not provide moving expenses assistance for subsequent moves unless the family is required to move for reasons other than something the family did or failed to do. The FPHA will reimburse families up to $300 upon providing a receipt for the incurred cost when other resources cannot.

Tenant-readiness services. The FPHA may use fees to help create a customized plan to address or mitigate barriers that individual families may face in renting a unit with an EHV, such as negative credit, lack of credit, negative rental or utility history, or to connect the family to other community resources (including COVID-related resources) that can assist with rental arrears. The FPHA may run full criminal background, rental, and credit history checks for adult family members at initial voucher issuance at a cost not to exceed $50 per adult with the family member's permission.

Essential household items. The FPHA may use services fee funding to assist the family with some or all of the costs of acquiring essential household items such as tableware, cooking equipment, dressers, and beds or bedding. The FPHA may provide $100 per family to purchase essential sanitary products such as soap and toiletries and/or any household items or toiletry items needed as necessary. This will be provided one time to the family and not for subsequent moves.

Any services fee assistance that is returned to the FPHA after its initial or subsequent use may only be applied to the eligible services fee uses defined in Notice PIH 2021-15 (or subsequent notice) or other EHV administrative costs. Any amounts not expended for these eligible uses when the FPHA EHV program ends must be remitted to HUD.

PART II: PARTNERING AGENCIES

TPS-II.A. CONTINUUM OF CARE (CoC)

PHA's that accept an allocation of EHVs are required to enter into a Memorandum of Understanding (MOU) with the Continuum of Care (CoC) to establish a partnership for the administration of EHVs.

> FPHA Policy
>
> The FPHA has entered into an MOU with ***Treasure Coast Homeless Services Council (CoC).***

TPS-II.B. OTHER PARTNERING ORGANIZATIONS

The FPHA may, but is not required to, partner with other organizations trusted by persons experiencing homelessness, such as victim services providers (VSPs) and other community partners. If they choose to partner with such agencies, they must either enter into an MOU with the partnering agency or the partnering agency may be added to the MOU between the PHA and CoC.

> FPHA Policy
>
> All referrals will go through the CoC-Treasure Coast Homeless Services Council.

TPS-II.C. REFERRALS

CoC and Partnering Agency Referrals

The primary responsibility of the CoC under the MOU with the FPHA is to make direct referrals of qualifying individuals and families to the Agency. The FPHA must generally refer a family that is seeking EHV assistance directly from them to the CoC or other referring Agency for initial intake, assessment, and possible referral for EHV assistance. Partner CoCs are responsible for determining whether the family qualifies under one (1) of the four (4) eligibility categories for EHVs. The CoC or other direct referral partner must provide supporting documentation to the FPHA of the referring Agency's verification that the family meets one (1) of the four (4) eligible categories for EHV assistance.

FPHA Policy

The CoC or partnering Agency must establish and implement a system to identify EHV-eligible individuals and families within the Agency's caseload and make referrals to the FPHA office. The CoC or other partnering Agency must certify that the EHV applicants referred to the FPHA meet at least one (1) of the four (4) EHV eligibility criteria. The FPHA will maintain a copy of the referral or certification from the CoC or other partnering Agency in the participant's file along with other eligibility paperwork.

As part of the MOU, the FPHA and CoC or other partnering Agency will identify staff positions to serve as lead EHV liaisons. These positions will be responsible for transmission and acceptance of referrals. The CoC or partnering Agency must commit sufficient staff and resources to ensure eligible individuals and families are identified and determined eligible in a timely manner.

The FPHA liaison responsible for acceptance of referrals will contact the CoC or partnering Agency liaison via email indicating the number of vouchers available and requesting an appropriate number of referrals. The CoC will submit referrals in a timely manner and in a method and format defined in the MOU.

Offers of Assistance with CoC Referral

The FPHA may make an EHV available without a referral from the CoC or other partnering organization in order to facilitate an emergency transfer under VAWA in accordance with the HCV Emergency Transfer Plan (ETP) in Chapter 17.

The FPHA must also take direct referrals from outside the CoC if:

- The CoC does not have a sufficient number of eligible families to refer to the FPHA; or
- The CoC does not identify families that may be eligible for EHV assistance because they are fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking or human trafficking.

If at any time the FPHA is not receiving enough referrals or is not receiving referrals in a timely manner from the CoC or other partner referral Agencies, HUD may permit the FPHA on a temporary or permanent basis to take EHV applications directly from applicants and admit eligible families to the EHV program in lieu of or in addition to direct referrals in those circumstances.

PART III: WAITING LIST MANAGEMENT

TPS-III. A. HCV WAITING LIST

The regulation that requires the FPHA to admit applicants as waiting list admissions or special admissions in accordance with admission policies in Chapter 4 does not apply to the FPHA operating the EHV program. Direct referrals are not added to the HCV waiting list.

The FPHA must inform families on the HCV waiting list of the availability of EHVs, at a minimum, either by posting the information to their website or providing public notice in their respective communities in accordance with the requirements listed in Notice PIH 2021-15.

FPHA Policy

The FPHA will post information about the EHV program for families on the HCV waiting list on their website. The notice will:

Describe the eligible populations to which EHVs are limited

Clearly state that the availability of these EHVs is managed through a direct referral process

Advise the family to contact the CoC (or any other referral partner, if applicable) if the family believes they may be eligible for EHV assistance

The FPHA will ensure effective communication with persons with disabilities, including those with vision, hearing, and other communication-related disabilities in accordance with Chapter 1. Staff will also take reasonable steps to ensure meaningful access for persons with LEP in accordance with Chapter 1.

TPS-III.B. EHV WAITING LIST

The HCV regulations requires PHA's to operate a single waiting list for admission to the HCV program do not apply to operating the EHV program. Instead, when the number of applicants referred by the CoC or partnering Agency exceeds the EHVs available, the PHA must maintain a separate waiting list for EHV referrals, both at initial leasing and for any turnover vouchers that may be issued prior to September 30, 2023.

Further, the EHV waiting list is not subject to PHA policies in Chapter 4 regarding opening and closing the HCV waiting list. The FPHA will work directly with its CoC and other referral Agency partners to manage the number of referrals and the size of the EHV waiting list.

TPS-III.C. PREFERENCES

HCV Waiting List Preferences

If local preferences are established by the PHA for HCV, they do not apply to EHVs. However, if the PHA has a homeless preference or a Violence Against Women Act (VAWA) preference for the HCV waiting list, they must adopt additional policies related to EHVs in accordance with Notice PIH 2021-15.

FPHA Policy

The FPHA does not offer VAWA preference for the HCV waiting list.

EHV Waiting List Preferences

With the exception of a residency preference, the FPHA may choose, in coordination with the CoC and other referral partners, to establish separate local preferences for EHVs. The FPHA may, however, choose to not establish any local preferences for the EHV waiting list.

FPHA Policy

No local preferences have been established for the EHV waiting list.

PART IV: FAMILY ELIGIBLTY

TPS-IV.A. OVERVIEW

The CoC or referring Agency determines whether the individual or family meets any one (1) of the four (4) eligibility criteria described in Notice PIH 2021-15 and then refers the family to the FPHA. The FPHA determines that the family meets other eligibility criteria for the HCV program, as modified for the EHV program and outlined below.

TPS-IV.B. REFERRING AGENCY DETERMINATION OF ELIGIBLITY

In order to be eligible for an EHV, an individual or family must meet one (1) of four (4) eligibility criteria:

- Homeless as defined in 24 CFR 578.3;
- At risk of homelessness as defined in 24 CFR 578.3;
- Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking (as defined in Notice PIH 2021-15), or human trafficking (as defined in the 22 U.S.C. Section 7102); or
- Recently homeless and for whom providing rental assistance will prevent the family's homelessness or having high risk of housing instability as determined by the CoC or its designee in accordance with the definition in Notice PIH 2021-15.

As applicable, the CoC or referring Agency must provide documentation to the FPHA of the referring Agency's verification that the family meets one (1) of the four (4) eligible categories for EHV assistance. They must retain this documentation as part of the family's file.

TPS-IV.C. FPHA SCREENING

Overview

HUD waived 24 CFR 982.552 and 982.553 in part for the EHV applicants and established alternative requirement for mandatory and permissive prohibitions of admissions. Except where applicable, the FPHA policies regarding denials in Chapter 3 of this policy do not apply to screening individuals and families for eligibility for an EHV. Instead, the EHV alternative requirement listed in this section will apply to all EHV applicants.

The mandatory and permissive prohibitions listed in Notice PIH 2021-15 and in this chapter, however, apply only when screening the individual or family for eligibility for an EHV. When adding a family member after the family has been placed under a HAP contract with EHV assistance, the regulations at 24 CFR 982.551(h)(2) apply. Other than the birth, adoption, or court-awarded custody of a child, the FPHA must approve additional family members and may apply its regular HCV screening criteria in Chapter 3 in doing so.

Mandatory Denials

Under alternative requirements for the EHV program, mandatory denials for EHV applicants include:

- 24 CFR 982.553(a)(1)(ii)(C), which prohibits admission if any household member has ever been convicted of drug-related criminal activity for manufacture or production of methamphetamine on the premises of federally assisted housing.
- 24 CFR 982.553(a)(2)(i), which prohibits admission to the program if any member of the household is subject to a lifetime registration requirement under a state sex offender registration program.

The FPHA must deny admission to the program if any member of the family fails to sign and submit consent forms for obtaining information as required by 24 CFR 982.552(b)(3) but should notify the family of the limited EHV grounds for denial of admission first.

> <u>FPHA Policy</u>
>
> The FPHA will deny admission to the program if any adult member (or head of household or spouse, regardless of age) fails to sign and submit consent forms. Staff will first notify the family of the limited EHV grounds for denial of admission as part of the notice of denial via email, phone, or mail.

Permissive Denial

Notice PIH 2021-15 lists permissive prohibitions for which the FPHA may, but is not required to, deny admission to EHV families. The notice also lists prohibitions that, while allowable under the HCV program, may not be used to deny assistance for EHV families.

If the FPHA intends to establish permissive prohibition policies for EHV applicants, they must first consult with its CoC partner to understand the impact that the proposed prohibitions may have on referrals and must take the CoC's recommendations into consideration.

> <u>FPHA Policy</u>
>
> The FPHA will not adopt any permissive prohibitions for the EHV program.

TPS-IV.D. INCOME VERIFICATION AT ADMISSION

Self-Certification at Admission

The requirement to obtain third-party verification of income in accordance with Notice PIH 2018-18 does not apply to the EHV program applicants at admission, and alternatively, PHA's may consider self-certification the highest form of income verification at admission. As such, the FPHA Admin policies related to the verification of income in Section 7-I.B. do not apply to EHV families at admission. Instead, applicants must submit an affidavit attesting to their reported income, assets, expenses, and other factors that would affect an income eligibility determination.

Additionally, applicants may provide third-party documentation that represents the applicant's income within the 60-day period prior to admission or voucher issuance but is not dated within 60 days of the FPHA's request.

> FPHA Policy
>
> Any documents used for verification must not be damaged, altered, or in any way illegible.
>
> The FPHA will consider self-certification the highest form of income verification at admission. The FPHA will request written third party verification if readily available in attempt to mitigate future material discrepancies.
>
> Printouts from webpages are considered original documents.
>
> Any family self-certifications must be made in a format acceptable to the staff and must be signed by the family member whose information or status is being verified.
>
> The FPHA will address any material discrepancies (i.e., unreported income or a substantial difference in reported income) that may arise later. They may, but is not required to, offer the family a repayment agreement in accordance with Chapter 16. If the family fails to repay the excess subsidy, they will terminate the family's assistance in accordance with the policies in Chapter 15.

Recently Conducted Income Determinations

The FPHA may accept income calculations and verifications from third-party providers or from an examination that the FPHA conducted on behalf of the family for another subsidized housing program in lieu of conducting an initial examination of income as long as:

- The income was calculated in accordance with rules outlined at 24 CFR Part 5 and within the last six (6) months; and
- The family certifies there has been no change in income or family composition in the interim.

> FPHA Policy
>
> The FPHA verifications from third-party providers provided they meet the criteria outlined above and have been calculated as policy permits.
>
> The family certification must be made in a format acceptable to the FPHA and must be signed by all adult family members whose information or status is being verified.

At the time of the family's annual reexamination the FPHA must conduct the annual reexamination of income as outlined at 24 CFR 982.516 and the FPHA policies in Chapter 14.

EIV Income Validation

Once HUD makes the Enterprise Income Verification (EIV) data available to the FPHA under this waiver and alternative requirement, the FPHA must:

- Review the EIV Income and Income Validation Tool (IVT) reports to confirm and validate family-reported income within 90 days of the PIH Information Center (PIC) submission date;
- Print and maintain copies of the EIV Income via the Individual Control Number (ICN) page; and
- Resolve any income discrepancy with the family within 60 days of the EIV Income or IVT Report dates.

Prior to admission, the FPHA must continue to use HUD's EIV system to search for all household members using the Existing Tenant Search in accordance with the FPHA policies in Chapter 3.

If the FPHA later determines that an ineligible family received assistance, they must take steps to terminate that family from the program in accordance with Chapter 15.

TPS-IV.E. SOCIAL SECURITY NUMBER AND CITIZENSHIP STATUS VERIFICATION

For the EHV program, the FPHA is not required to obtain and verify SSN documentation and documentation evidencing eligible noncitizen status before admitting the family to the EHV program. Instead, the Agency may adopt policies to admit EHV applicants who are unable to provide the required SSN or citizenship documentation during the initial eligibility determination. As an alternative requirement, such individuals must provide the required documentation within 180 days of admission to be eligible for continued assistance, pending verification, unless the FPHA provides an extension based on evidence from the family or confirmation from the CoC or other partnering Agency that the family has made a good-faith effort to obtain the documentation.

If it is determined that an ineligible family received assistance, they must take steps to terminate that family from the program.

> FPHA Policy
>
> The FPHA will admit EHV applicants who are unable to provide the required SSN or citizenship documentation during the initial eligibility determination. These individuals must provide the required documentation in accordance with policies in Chapter 10 within 180 days of admission. Staff may provide an additional 60-day extension based on evidence from the family or confirmation from the CoC or other partnering agency that the family has made a good-faith effort to obtain the documentation.
>
> If it is determined that an ineligible family received assistance, the staff will take steps to terminate that family from the program in accordance with policies in Chapter 15.

TPS-IV.F. AGE AND DISABILITY VERIFICATION

PHA's may accept self-certification of date of birth and disability status if a higher level of verification is not immediately available. If self-certification is used, the PHA must obtain a higher level of verification within 90 days of admission or verify the information in EIV.

If it is determined that an ineligible family received assistance, the PHA must take steps to terminate that family from the program.

FPHA Policy

The FPHA will accept self-certification of date of birth and disability status even if a higher form of verification is not immediately available, only if applicable. The certification must be made in a format acceptable to the staff and must be signed by the family member whose information or status is being verified. If self-certification is accepted, within 90 days of admission, the FPHA will verify the information in EIV or through other third-party verification if the information is not available in EIV. They will note the family's file that self-certification was used as initial verification and include an EIV printout or other third-party verification confirming the applicant's date of birth and/or disability status. ONLY IF APPLICABLE.

If the FPHA determines that an ineligible family received assistance, the FPHA take steps to terminate that family from the program in accordance with policies in Chapter 15.

TPS-IV.G. INCOME TARGETING

The FPHA must determine income eligibility for EHV families in accordance with 24 CFR 982.201 and the FPHA admin policy in Chapter 3; however, income targeting requirements do not apply for EHV families. The FPHA may still choose to include the admission of extremely low-income EHV families in its income targeting numbers for the fiscal year in which these families are admitted.

Policy

The FPHA office will not include the admission of extremely low-income EHV families in its income targeting numbers for the fiscal year in which these families are admitted.

PART V: HOUSING SEARCH AND LEASING

TPS-V.A. INITIAL VOUCHER TERM

Unlike the standard HCV program, which requires an initial voucher term of at least 60 days, EHV vouchers must have an initial search term of at least 120 days. The FPHA admin policies on extensions as outlined in Chapter 5-II.E. will apply.

FPHA Policy

All EHVs will have an initial term of 120 calendar days.

The family must submit a Request for Tenancy Approval and proposed lease within the 120-day period unless the staff grants an extension.

TPS-V.B. HOUSING SEARCH ASSISTANCE

The PHA must ensure housing search assistance is made available to EHV families during their initial housing search. The housing search assistance may be provided directly by the PHA or through the CoC or another partnering Agency or entity.

At a minimum, housing search assistance must:

- Help individual families identify potentially available units during their housing search, including physically accessible units with features for family members with disabilities, as well as units in low-poverty neighborhoods;
- Provide transportation assistance and directions to potential units;
- Conduct owner outreach;
- Assist with the completion of rental applications and FPHA forms; and
- Help expedite the EHV leasing process for the family.

FPHA Policy

As identified in the MOU between the FPHA and CoC, the following housing search assistance will be provided to each EHV family:

FPHA will:

Conduct owner outreach in accordance with policies

Provide directions to potential units as part of the EHV briefing packet

Expedite the EHV leasing process for the family to the extent practicable and in accordance with policies in this chapter

At least every 30 days, conduct proactive check-ins via email and telephone with families who are searching with an EHV and remind them of their voucher expiration date

Assign a dedicated landlord liaison for EHV voucher families

FPHA or the partner Agency identified by the CoC will:

Help families identify potentially available units during their housing search, including physically accessible units with features for family members with disabilities, as well as units in low-poverty neighborhoods

Provide transportation assistance to potential units, if applicable

Assist the family with the completion of rental applications and FPHA forms

TPS-V.C. HQS PRE-INSPECTIONS

To expedite the leasing process, PHA's may pre-inspect available units that EHV families may be interested in leasing in order to maintain a pool of eligible units.

FPHA Policy

To expedite the leasing process, the FPHA may pre-inspect available units that EHV families may be interested in leasing to maintain a pool of eligible units. If an EHV family selects a unit that passed a HQS pre-inspection (without intervening occupancy) within 45 days of the date of the Request for Tenancy Approval, the unit may be approved provided that it meets all other conditions under 24 CFR 982.305.

The family will be free to select his or her unit.

When a pre-inspected unit is not selected, the FPHA will make every effort to fast-track the inspection process, including adjusting the normal inspection schedule for any required reinspections.

TPS-V.D. INITIAL LEASE TERM

Unlike in the standard HCV program, EHV voucher holders may enter into an initial lease that is for less than 12 months, regardless of the PHA policy in Chapter 9-I.E., Term of Assisted Tenancy.

TPS-V.E. PORTABILITY

The normal HCV portability procedures and requirements outlined in Chapter 8 generally apply to EHVs. Exceptions are addressed below.

Nonresident Applicants

Under EHV, applicant families may move under portability even if the family did not have legal residency in the jurisdiction of the initial PHA when they applied, regardless of the FPHA's policy.

Billing and Absorption

A receiving PHA cannot refuse to assist an incoming EHV family, regardless of whether the PHA administers EHVs under its own ACC.

- If the EHV family moves under portability to another PHA that administers EHVs under its own ACC:
  - The receiving PHA may only absorb the incoming EHV family with an EHV (assuming it has an EHV voucher available to do so).
  - If the PHA does not have an EHV available to absorb the family, it must bill the initial PHA. The receiving PHA must allow the family to lease the unit with EHV assistance and may not absorb the family with a regular HCV when the family leases the unit.
  - Regardless of whether the receiving PHA absorbs or bills the initial PHA for the family's EHV assistance, the EHV administration of the voucher is in accordance with the receiving PHA's EHV policies.
- If the EHV family moves under portability to another PHA that does not administer EHV under its own ACC, the receiving PHA may absorb the family into its regular HCV program or may bill the initial PHA.

Family Briefing

In addition to the applicable family briefing requirements at 24 CFR 982.301(a)(2) as to how portability works and how portability may affect the family's assistance, the initial PHA must inform the family how portability may impact the special EHV services and assistance that may be available to the family.

The initial PHA is required to help facilitate the family's portability move to the receiving PHA and inform the family of this requirement in writing, taking reasonable steps to ensure meaningful access for persons with LEP.

> <u>FPHA Policy</u>
>
> In addition to the FPHA's policy on briefings described in Chapter 6, the FPHA will include a written notice that they will assist the family with moves under portability.
>
> For LEP applicants, the FPHA will provide interpretation services in accordance with the FPHA's LEP plan (See Chapter 1).

Coordination of Services

If the portability move is in connection with the EHV family's initial lease-up, the receiving PHA and the initial PHA must consult and coordinate on the EHV services and assistance that will be made available to the family.

> <u>FPHA Policy</u>
>
> For EHV families who are exercising portability, when the FPHA contacts the receiving PHA in accordance with Chapter 8. Preapproval Contact with Receiving PHA, the FPHA will consult and coordinate with the receiving PHA to ensure there is no duplication of EHV services and assistance, and ensure the receiving PHA is aware of the maximum amount of services fee funding that the initial PHA may provide to the receiving PHA on behalf of the family.

Services Fee

Standard portability billing arrangements apply for HAP and ongoing administrative fees for EHV families.

For service fees funding, the amount of the service fee provided by the initial PHA may not exceed the lesser of the actual cost of the services and assistance provided to the family by the receiving PHA or $1,750, unless the initial PHA and receiving PHA mutually agree to change the $1,750 cap. Service fees are paid as follows:

- If the receiving PHA, in consultation and coordination with the initial PHA, will provide eligible services or assistance to the incoming EHV family, the receiving PHA may be compensated for those costs by the initial PHA, regardless of whether the receiving PHA bills or absorbs.
- If the receiving PHA administers EHVs, the receiving PHA may use its own services fee and may be reimbursed by the initial PHA, or the initial PHA may provide the services funding upfront to the receiving PHA for those fees and assistance.
- If the receiving PHA does not administer EHVs, the initial PHA must provide the services funding upfront to the receiving PHA. Any amounts provided to the receiving FPHA that are not used for services or assistance on behalf of the EHV family must promptly be returned by the receiving PHA to the initial PHA.

Placement Fee/Issuance Reporting Fee

If the portability lease-up qualifies for the placement fee/issuance reporting fee, the receiving PHA receives the full amount of the placement component of the placement fee/issuing reporting fee. The receiving FPHA is eligible for the placement fee regardless of whether the receiving PHA bills the initial PHA or absorbs the family into its own program at initial lease-up. The initial PHA qualifies for the issuance reporting component of the placement fee/issuance reporting fee, as applicable.

TPS-V.F. PAYMENT STANDARDS

Payment Standard Schedule

For the EHV program, HUD has waived the regulation requiring a single payment standard for each unit size. Instead, the PHA may, but is not required to, establish separate higher payment standards for EHVs. Lower EHV payment standards are not permitted. If the PHA is increasing the regular HCV payment standard, the PHA must also increase the EHV payment standard if it would be otherwise lower than the new regular HCV payment standard. The separate EHV payment standard must comply with all other HCV requirements with the exception of the alternative requirements discussed below.

Further, if the PHA chooses to establish higher payments standards for EHVs, HUD has provided other regulatory waivers:

- Defining the "basic range" for payment standards as between 90 and 120 percent of the published Fair Market Rent (FMR) for the unit size (rather than 90 to 110 percent).
- Allowing an PHA that is not in a designated Small Area FMR (SAFMR) area or has not opted to voluntarily implement SAFMRs to establish exception payment standards for a ZIP code area above the basic range for the metropolitan FMR based on the HUD published SAFMRs. The PHA may establish an exception payment standard up to 120 percent (as opposed to 110 percent) of the HUD published SAFMR for that ZIP code area. The exception payment standard must apply to the entire ZIP code area.
  - The PHA must notify HUD if it establishes an EHV exception payment standard based on the SAFMR.

  <u>FPHA Policy</u>

  The FPHA will not establish a higher payment standard amount for EHVs. The staff will use the same payment standards for HCV and EHV.

Rent Reasonableness

All rent reasonableness requirements apply to EHV units, regardless of whether the PHA has established an alternative or exception EHV payment standard.

Increases in Payment Standards

The requirement that the PHA apply increased payment standards at the family's first regular recertification on or after the effective date of the increase does not apply to EHV. The PHA may, but is not required to, establish an alternative policy on when to apply the increased payment standard, provided the increased payment standard is used to calculate the HAP no later than the effective date of the family's first regular reexamination following the change.

<u>FPHA Policy</u>

The FPHA will not establish an alternative policy for increases in the payment standard. The FPHA policy in Chapter 11 governing increases in payment standards will apply to EHV.

TPS-V.G. TERMINATION OF VOUCHERS

After September 30, 2023, a PHA may not reissue EHVs when assistance for an EHV-assisted family ends. This means that when an EHV participant (a family that is receiving rental assistance under a HAP contract) leaves the program for any reason, the PHA may not reissue that EHV to another family unless it does so no later than September 30, 2023.

If an applicant family that was issued the EHV is unsuccessful in finding a unit and the EHV expires after September 30, 2023, the EHV may not be reissued to another family.

All EHVs under lease on or after October 1, 2023, may not under any circumstances be reissued to another family when the participant leaves the program for any reason.

An EHV that has never been issued to a family may be initially issued and leased after September 30, 2023, since this prohibition only applies to EHVs that are being reissued upon turnover after assistance to a family has ended. However, HUD may direct PHA's administering EHVs to cease leasing any unleased EHVs if such action is determined necessary by HUD to ensure there will be sufficient funding available to continue to cover the HAP needs of currently assisted EHV families.

PART VI: USE OF FUNDS, REPORTING, AND FINANCIAL RECORDS

EHV funds allocated to the PHA for HAP (both funding for the initial allocation and HAP renewal funding) may only be used for eligible EHV HAP purposes. EHV HAP funding obligated to the FPHA may not be used for EHV administrative expenses or the other EHV eligible expenses under this notice. Likewise, EHV administrative fees and funding obligated to the PHA's are to be used for those purposes and must not be used for HAP.

The appropriated funds for EHVs are separate from the regular HCV program and may not be used for the regular HCV program but may only be expended for EHV eligible purposes. EHV HAP funds may not roll into the regular HCV restricted net position (RNP) and must be tracked and accounted for separately as EHV RNP. EHV administrative fees and funding for other eligible expenses permitted by Notice PIH 2021-15 may only be used in support of the EHVs and cannot be used for regular HCVs. EHV funding may not be used for the repayment of debts or any amounts owed to HUD by HUD program participants including, but not limited to, those resulting from Office of Inspector General (OIG), Quality Assurance Division (QAD), or other monitoring review findings.

The PHA must comply with EHV reporting requirements in the Voucher Management System (VMS) and Financial Data Schedule (FDS) as outlined in Notice PIH 2021-15.

The PHA must maintain complete and accurate accounts and other records for the program and provide HUD and the Comptroller General of the United States full and free access to all accounts and records that are pertinent to the administration of the EHVs in accordance with the HCV program requirements at 24 CFR 982.158.

OUR PARTNERSHIPS AND SERVICES

FPHA's FSS Program has partnered with the following agencies in coordinating housing assistance with public and private resources. These partnerships enable assisted families to achieve economic self-sufficiency to reduce the dependency of low-income families on welfare assistance, voucher program assistance, public assistance, or any federal, state, local rent or homeownership program. United Against Poverty provides job readiness courses, resume writing and interviewing skills courses, emotional intelligence seminars, pathways to homeownership, financial literacy workshop, clothing closet for job seekers and a grocery share program. Seacoast Community Bank and Wells Fargo Bank provide money management counseling, budgeting seminars, homeownership counseling and counseling on all investment products. CareerSource Research Coast provides job search and job placement activities, career and technical training scholarships, career planning, assessments, work readiness certification, resume building, and support services that help participants prepare for and retain employment. Mustard Seed Ministries has combined the physical and financial support of the churches while striving to abate the crises of residents. Their services include assistance with food insecurities, past due utilities, rent/mortgage payments, furniture, transportation/travel, emergency shelter, prescriptions, medical equipment, clothing, gasoline, medical care vouchers, case-by-case interventions and many more programs.

Due to the global pandemic, COVID-19, and the social distancing requirements, the Coordinator has provided each participant with links to free online courses for Homeownership, Budgeting, Understanding Credit and Parenting classes so participants can continue to work on their Individual Training and Services Plan (ITSP) during this crisis. Not all ITSP activities are available online.

FSS OUTREACH

FPHA connects with Public Housing and Housing Choice Voucher participants by including in the recertification and move-in packets an FSS package consisting of FSS Program information, such as: brochure, flyer, Coordinator contact information, application and assessment form. We continue outreach by mailing appointment letters to referrals from Public Housing and Housing Choice Voucher Programs and meeting with interested participants during their visits to our office. The Coordinator educates residents about the FSS Program in the lobby when time allows. We will continue our FSS outreach efforts to promote participation and ultimately, self-sufficiency. Up to date FSS information has been added to the lobby TV and changes periodically.

COMMUNITY SERVICE

Mustard Seed, United Against Poverty, Treasure Coast Food Bank and area Churches continue to provide opportunities for the residents to perform their required service. Residents continue to provide verification of school attendance which is an eligible activity under the community service mandate.

Motion:

Director Hart moved to approve the Minutes of the Regular Board Meeting of September 9, 2021. Commissioner Bradwell seconded the Motion. At roll call the Motion was approved 3/0.

PUBLIC COMMENTS: None

SECRETARY'S REPORT:

Organizational:

- **Emil Development Project:** At the next FPHI Board Meeting, to be held on February 9, 2022, there will be an update on the Emil Development Project.

- **Rental Properties Report:** At the next FPHI Board Meeting, FPHI will be reporting on the rental properties.

Resolution(s):

- **Resolution 2021-06:** Ms. Bartell will be seeking Board approval to establish guidelines for purchasing via a Procurement Policy per said Resolution.

- **Resolution 2021-07:** Ms. Bartell will be seeking Board approval for procedures for Public Forum Sessions, which has been done with the procedures for FPHA, to help facilitate Board Meetings.

Important Date(s):

- As mentioned previously, the next Board Meeting will be held on February 9, 2022, immediately upon the adjournment of FPHA's Annual Board Meeting.

ATTORNEY'S REPORT: Mr. Gilmore stated that he had nothing to report at this time.

OLD BUSINESS: None at this time.

NEW BUSINESS:

Resolution 2021-06

Motion:

Director Hart moved to adopt Resolution 2021-06 Approving and Adopting Procurement Policy. Director Bradwell seconded the Motion. At roll call the Motion was approved 3/0.

Discussion: *Vice-Chair Scott asked if this Procurement Policy mirrored the FPHA Procurement Policy and Ms. Corrodus responded that it does mirror the FPHA Non-Federal Procurement Policy.*

Resolution 2021-07

Motion:

Director Hart moved to adopt Resolution 2021-07 Approving and Adopting Registration Form for Public Forum Sessions. Director Bradwell seconded the Motion. At roll call the Motion was approved 3/0.

DEPARTMENT REPORTS:

- **Rental Properties:** There is one (1) unit at 516 S. 5th Street, Unit 5 that is undergoing electrical issues so that tenant has been temporarily relocated to an Orange Avenue unit.

- **Financial Statement:** The Net Income (Loss) is $13,659. Next month, there will most likely be a deficit as Unit 5 at 516 S. 5th Street is going to cost $39,000 for repairs, not including the electric, because it had to be completely gutted in order to do the electrical repairs needed. There are eight (8) units in that building and it is anticipated that the other units will need similar repairs in the future, which will be costly.

DIRECTORS' COMMENTS:

Vice-Chair Scott if there were any Directors' Comments and there were none.

ADJOURNMENT:

Vice-Chair Scott adjourned the Board Meeting at 5:47 p.m.

Caleta Scott, Vice-Chair	Rosetta Bartell, Secretary

PUBLIC COMMENTS

Comments are limited to three (3) minutes per Speaker. Speakers Must Register Prior to the Public Forum with Registration Form.
