

Burney-Fall River Education Foundation 2022-2023 Grant Application

The Burney-Fall River Education Foundation is dedicated to enriching the educational experience of FRJUSD students by funding new educational experiences, enriching school programs, and sponsoring programs promoting excellence in education. The Foundation invites you to apply for a grant to provide for a project or items that would not be possible through the District budget. Board members look forward to receiving your request. If you have questions, please call BFREF Vice President of Grants, Barbara Sugaya-Jones (530-336-5042).

APPLICATION DEADLINE: Monday, October 10, 2022

Thirteen printed copies of your completed application, including all necessary signatures, need to be turned in to your site administrator by Monday, October 10, 2022.

Requirements:

1. Complete all sections of the application. Because the application is a fillable pdf, you can download it and type your answers directly into the highlighted boxes. If it is more convenient, you can tell us to "See attached pages."
2. BFREF does **not** fund furniture, transportation, extra-curricular athletics, salaries, or professional growth.
3. Ken Wike, Director of Technology, must approve grants that involve technology. He must receive your grant application by September 30, 2022 to review and process your technology needs. Consider working with him early in your process to check compatibility and to find vendors.
4. Obtain your administrator's signature of approval on the original grant application.
5. Submit 13 printed copies of the completed application to your site administrator by Monday, October 10, 2022. Do not include copies of the cover page.
6. Site administrators need to get twelve copies of each grant application to Shaun Davis at the District Office by Wednesday, October 12, 2022.
7. Site administrators will contact applicants in late October with funding results.
8. Grantees must submit all requisitions to the District Office before November 18, 2022.

These are some of the projects that received grants in the past couple of years.

- Home Arts equipment (sewing machines, kitchen appliances)
- STEM Classroom equipment
- Library books
- Woodshop equipment (3-D printer, power tools)
- Science class equipment (microscopes, electronic balances)
- Cameras for Yearbook
- Equipment for Robotics Classes and Club (sensors, computers for e-sports)

Burney-Fall River Education Foundation
2022-2023 Grant Application

APPLICATION DEADLINE: October 10, 2022

School Year:	
Title of Project:	
Total Amount Requested:	
Name(s) of Applicant:	
Signature(s) of Applicant:	
Name of School:	
Grade Levels served by this grant:	
Subject Areas:	
Director of Technology's Signature of Approval	
Name of Principal:	
Principal's Signature of Approval:	

A. Explain the need for your project.

B. Briefly describe your proposed project and how you will implement it.

C. Who will benefit from your project?

D. What is the number of students that will benefit from your project this school year?

How many future school years do you anticipate this project will benefit students?

E. How will you measure the benefits of your project?

F. What is your proposed timeline?

G. Attach a detailed, itemized budget.

Include vendors, price per item, sales tax, shipping costs, and total. If you have questions about taxes or shipping, contact Teresea Spooner, CBO (530-335-2469).

If applicable, provide internet links for your items/vendors so that BFREF will be better able to understand your grant request.

H. BFREF hopes to fund proposals that will benefit students for more than one school year. Do you anticipate being able to pay for ongoing consumable materials from your district block grants or other sources?
